Cong Battle Bloodily In Saigon

Court Urged Not To Bar Aid To Private Schools

WASHINGTON (AP) — Former U.S. Atty. Gen. Herbert Brownell wants the Supreme Court to keep a lid on taxpayer suits that would block federal aid to pa ochial school children.

Brownell spoke for 15 New Yorkers whose children get remedial education training in Jewish, Lutheran, Roman Catholic and Greek Orthodox schools.

The lid was put on by the Supreme Court in 1923. It decided payment of taxes alone does not give a citizen the right to sue to block large government programs.

The court will re-examine that ruling later this term.

If it reverses itself, Brownell said in a friend-of-court brief filed Tuesday, some children in poor neighborhoods could be excluded from the benefits of welfare legislation "by reason of their religious beliefs or affiliations."

The federal government spends an estimated $41.9 million a year under the 1965 Elementary and Secondary Education Act to provide special education programs and library services for children attending nonpublic schools in poor areas.

The children of the New Yorkers Brownell spoke for get speech therapy, remedial reading, remedial arithmetic and guidance counseling in their parochial schools.

"There is no allegation that any funds are being used, even indirectly, to support religious worship or instruction," Brownell said.

The test case was brought to the court by seven civic and education leaders in New York opposed to federal funds being provided to such schools.

They have the support of the American Jewish Congress, the New York Civil Liberties Union, the United Federation of Teachers and the United Parents Associations.

Additionally, the National Council of Churches has told the court there is "grave doubt" federal programs aiding church-affiliated schools are constitutional.

Kelley Opposes Canceling Train

LANSING (AP) — Atty. Gen. Frank Kelley has filed a brief with the Interstate Commerce Commission opposing a proposal to abandon a passenger train route in the western Upper Peninsula.

The Milwaukee and Soo Line railroads have asked the commission for permission to abandon the Copper Country Ltd. from Milwaukee, Wis., through Green Bay, Iron Mountain, Champion and Houghton-Hancock, to Calumet.

Kelley said this is the last passenger serving the Upper Peninsula west of Ishpeming. He said there is no other reasonable public transportation available to those served by the train.

He told the ICC the railroads have failed to pursue reasonable alternatives to ending the route.

Kelley suggested that thriceweekly, instead of daily service would reduce expenses on the line and still provide some passenger train service to the communities on the route.

Weather

ESCANABA AND VICINITY—Cloudy, windy and warmer today with a chance of occasional light drizzle this afternoon, high, 37. Foggy tonight and Thursday with periods of light rain and drizzle. Turning colder Thursday with rain changing to snow flurries. Low tonight 33. High yesterday, 32 and low overnight, 18. Friday outlook: cloudy and colder with snow flurries. Southerly winds, 15 to 30 mph. Precipitation probabilities: today, 20%; tonight, 50%; Thursday, 60%.

Upper Peninsula — Drizzle and some locally freezing drizzle this afternoon. Highs in the 30s. Rain or drizzle likely and mild tonight. Lows mostly in the 30s. Thursday: cloudy with rain likely in the east portion and rain probably becoming mixed with snow and turning cold in the west portion. Highs Thursday in the upper 30s in the east half and in the low 30s in the west portion.

Sun sets today at 4:52 p. m., and rises Thursday at 7:11 a. m.

Low temperature readings:

Tipsy Driver Ban Has Senate OK

LANSING (AP) — A driver convicted three times for drunken driving within a two-year period would lose his license for five years under terms of a bill passed Tuesday by the State Senate.

The measure, sponsored by Sen. Robert Richardson, R-Saginaw, passed 30-1 and was sent to the House after deletion of a portion of which several senators said they felt was too stringent.

Originally the bill provided for a five-year license suspension for any driver convicted three times within two years for drunken driving or reckless driving or any combination of the two.

Sen. John Bowman, D-Roseville, successfully offered an amendment deleting the reckless driving portion after several senators protested that while drunken driving convictions required positive proof of intoxication, reckless driving charges often were made at the discretion of an arresting officer.

However, the senators turned down an amendment offered by Sen. John McCauley, D-Wyandotte, which would have cut out the mandatory five-year suspension and left it up to a judge to determine whether the offender's license should be lifted.

Also approved were bills regulating the employment of inmate labor in Michigan's prisons and limiting construction of waterways on the Great Lakes and on Michigan's inland lakes and streams.

The waterways measures would require permits be obtained from the State Conservation Department or authorization be granted by the Legislature before artifical waterways could be constructed on the Great Lakes or inland lakes or streams.

Construction of such waterways already have materially affected lake levels and have encroached on the rights of persons owning property along streams and lakes, the bill's backers said.

Both measures have already passed the House, but were returned to the House for concurrence in Senate amendments.

Secrecy Cloaks Hunt For Bodies

CUMMINS PRISON FARM, Ark. (AP) — State police probed in secrecy today seeking to determine if three skeletons recovered from unmarked graves were inmates buried in a paupers cemetery or victims of a vicious prison justice.

The bones were unearthed Monday from a grassy boot-tramped field and their discovery raised the question: How many more bodies might lie beneath the shallow depressions that dot these 15,270 acres of Arkansas River land?

Reuben Johnson, 59, the strapping six-foot inmate who led investigators to the graves said that years ago he helped bury about 10 or 12 convicts who were "shot with a pistol, a shotgun or just beaten to death."

Looking back on his 30 years in prison, Johnson claimed that as many as 2,000 inmates had been quietly consigned to unmarked graves.

State police Maj. Bill Streubing, who is conducting the investigation, discounted Johnson's story Tuesday. After visiting the gravesite and pouring over prison records, Streubing said he thought the graves probably were in a pauper's cemetery.

"We don't know for sure, but in our own minds, we believe it is," he said.

State Soldiers Die In Vietnam

WASHINGTON (AP)—A Michigan soldier has been identified by the Defense Department as one of 40 servicemen killed in recent action in Vietnam.

Dead is Army Spec. 4 John F. Ruiz, son of Mr and Mrs. Domingo T. Ruiz, of DeWitt.

Listed as dead as a result of nonhostile action is Pfc. Roy D. McGee, son of Mrs. Sally P. Oxsher of Oxford.

Galbraith Speaks

MIDLAND (AP)—William E. Galbraith, national commander of the American Legion, will make four speeches in Michigan next week.

Galbraith will speak to area Legionnaires in Detroit Tuesday and at Midland Wednesday. He will then go to Lansing on Wednesday to address a joint meeting of the Legislature and a meeting at Lansing's Civic Center.

Today's Chuckle

A female driver drives like a male driver — but she usually gets blamed for it.

Crushed To Death

DETROIT (AP) — A 59-year-old worker, Stanley Golemo, of Dearborn, was crushed to death Tuesday when he fell between two machines at the Ford Rouge Stamping Plant.

Attacks Aim To Force U.S. Army Pull-Back

WASHINGTON (AP) — Some U.S. military analysts say the synchronized Viet Cong assaults against Saigon and other South Vietnamese population centers aim at forcing a pull-back of American troops from the key border sector where North Vietnamese regulars have been massing.

They suggested the attacks, hitting eight widely spaced cities and towns, also were intended to impress on the South Vietnamese people that the Communist guerrillas are still to be reckoned with.

The military specialists spoke against a background of obvious high-level U.S. government concern over the bold Viet Cong strikes, particularly in Saigon against the U.S. Embassy.

The White House called the Saigon outbreak "pretty serious" and said President Johnson was receiving periodic reports on it.

Bid For Gains

The State Department interpreted the rash of assaults as a "major effort to subject large numbers of the Vietnamese people to maximum terror and intimidation."

Military officers say the Viet Cong assault, sprung by suicide squads, appears part of the Communist winter-spring offensive, which also has featured North Vietnamese thrusts and probes from North Vietnam, Cambodia and Laos. The overall plan is regarded by some observers as a Communist bid to score territorial and battlefield gains in advance of possible peace talks.

A major North Vietnamese assault has been expected for weeks against Khe Sanh, a strategic strong point in the northwest corner of South Vietnam.

Attacks Predicted

Pentagon sources said that when he was here in late November, Gen. William C. Westmoreland forecast in secret military briefings that Viet Cong harassments would increase 100-fold as soon as U.S. reinforcements moved up to the DMZ area.

However, events in South Vietnam have tended to run against the grain of publicly expressed optimism by the U.S. commander in Vietnam during his Washington visit. At that time, Westmoreland challenged a reporter's suggestion that the Viet Cong and North Vietnamese were maintaining the initiative.

"We have beat them to the punch every time," the general said in a planeside news conference Nov. 15.

ROK Asks Hand In Pueblo Crisis

SEOUL (AP) — South Korea's foreign minister asserted today that more attention should be paid to the Communist attempt to assassinate President Chung Hee Park than to North Korea's seizure of the USS Pueblo. His remarks were interpreted as an expression of government displeasure with U.S. handling of the current Korean crisis.

The South Korean government will "categorically oppose" any additional U.S. moves to emphasize the Pueblo case in efforts for an over-all settlement of the Korean situation, Foreign Minister Choi Kyu-hah told a news conference.

Choi said his government also will object to any direct bilateral talks between the United States and the North Koreans and to any proposal to exchange the Pueblo crewmen for North Korean infiltrators.

"A basic settlement of the current crisis lies in taking firm measures to assure the security of the Republic of Korea and prevent recurrence of any provocative acts by the North Korean regime," he declared.

In Washington, the White House continued to put heavy stress on diplomatic efforts to free the Pueblo crewmen. Sen. J.W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, said after breakfast Tuesday with President Johnson he got the impression Johnson was so hopeful of avoiding military action that there was no talk of a deadline for release of the men.

At the United Nations, a source familiar with U.S. views said he believed the United States would soon abandon its attempt through the United Nations to get the crew released. Security Council members reported no success in their efforts to break a U.S.-Soviet deadlock over an invitation to North Korea to join the council debate.

Other developments in the Korean crisis included the resumption by North Korea of intrusion attempts in the American sector of the demilitarized zone, an angry anti-Communist rally in Seoul, and reports reaching Washington that one Pueblo crewman was dead but that the others were being properly treated by the Communists.

GIs of the 2nd U.S. Infantry Division repelled four separate intrusion attempts by small bands of North Koreans Tuesday and early this morning, a U.S. military spokesman said. No casualties were reported on either side.

The South Korean Defense Ministry reported that South Korean troops shot and killed the 26th member of the 31-man assassination squad early today about 25 miles north of Seoul.

Pittsburgh Gas Explosion Kills 7

PITTSBURGH (AP)—The death toll climbed to seven early today in an explosion that rocked the business district of suburban Ingram, shaking homes a half mile away.

One person was still reported missing and 17 injured after firemen pulled a badly-burned body from the wreckage.

Workers at the scene said one man was thrown 90 feet across railroad tracks. Three were hurled against an iron fence 25 feet away by the explosion Tuesday.

What had been a row of five business shops was leveled almost to the street.

The buildings exploded while a 12-man Equitable Gas Co. crew was ripping up sidewalk outside looking for a gas leak. Five of the dead were Equitable workers.

"Who knows what triggered the explosion?" said a gas company spokesman. "Actually, the real cause probably will never be known.

"The men were working on a low-pressure, four-inch main. The gas into the buildings was shut off."

U.S. Embassy Grounds Invaded By Suicide Unit

SAIGON AP — Saigon became a battleground today as the Communist extended their coordinated lunar new year offensive across the country and made their biggest assault on South Vietnam's capital since the war began.

The most spectacular attack was an invasion of the U. S. Embassy compound in Saigon by a Viet Cong suicide squad that held out for six hours before U. S. troops wiped them out.

As fighting continued at other points all over Saigon and in other towns throughout the country, President Nguyen Van Thieu in a special broadcast declared martial law throughout South Vietnam.

Bars Closed

Under Thieu's proclamation, his government will rule by decree until further notice rather than under the constitutional parliamentary system inaugurated late last year. The president ordered all theaters, bars, night clubs and other places of entertainment closed throughout the country and banned all gatherings and demonstrations.

Casualties in the two days of fighting across the country soared on both sides. Tanks, artillery and machine-gun fire echoed through the streets of Saigon as South Vietnamese and U. S. forces battled Viet Cong squads at points all over the city. Dead and wounded were scattered through the capital's streets.

But the attacks in Saigon were part of a bloody two-day mosaic that spread over nearly half of South Vietnam's 44 provincial capitals as well as vital U.S. and government installations at other points.

Casualties Heavy

Military casualty figures were incomplete, but spokesmen said allied forces had killed 2,643 Communist troops across the country in the 48 hours before noon today. Preliminary reports said 68 Americans and 178 South Vietnamese soldiers were killed and 171 Americans and 330 South Vietnamese were wounded.

There was no estimate of civilian casualties, but apparently they were heavy.

Millions of dollars of damage were done to U.S. aircraft and other facilities in the shelling of nine American air bases, including Bien Hoa, just north of Saigon, the biggest American fighter base in South Vietnam, and the Marine fighter base at Chu Lai, below Da Nang.

"Saigon Secure"

At nightfall, U.S. Ambassador Ellsworth Bunker reported: "As far as I know, Saigon is secure." But gunfire and helicopters firing overhead could still be heard, and two battalions of South Vietnamese marines and paratroopers were battling Viet Cong troops at a golf club near the Tan Son Nhut Air Base.

Gen William C. Westmoreland, commander of U.S. forces in Vietnam, said he believed the attacks Tuesday and today were a "diversionary effort to take attention away from the northern part of the country." U.S. commanders believe the North Vietnamese are massing there for the biggest campaign of the war, with their target U.S. Marines just below the demilitarized zone.

Westmoreland said allied forces killed about 700 enemy soldiers in the Communist raids Tuesday—the start of the Lunar New Year—and "my guess is that the enemy death toll today will be comparable to Tuesday's."

Da Nang Included

Striking while South Vietnamese forces were celebrating the Tet, the lunar new year festival which is their biggest holiday, Viet Cong and North Vietnamese forces on Tuesday invaded Da Nang, the country's second largest city, and seven provincial capitals in the central and northern parts of the country. Fighting continued through the night in some of the towns.

Today the Communists carried their campaign to Saigon and into the Mekong Delta to the south.

Late this afternoon fighting was still raging in streets of Saigon and inside the capital's sprawling air base, where at least 100 Viet Cong troops infiltrated.

Close Airport

The fighting closed the airport, one of the busiest in the world, to all commercial flights.

Viet Cong guerrillas used plastic explosives to blast through the outer wall around the $2.6 million embassy building, opened last November and designed to be virtually terrorist proof, about 3 a.m.

UNDERLINED on map are cities attacked by Cong. (AP Wirephoto)

Ambassador Ellsworth Bunker was at his residence five blocks away.

A wounded guerrilla reached the second floor of the quarters of U.S. Mission coordinator George Jacobson, 56, who lives on the embassy grounds. Jacobson killed him with a pistol thrown up to his window by a soldier who wounded the guerrilla downstairs.

19 Dead Guerrillas

Nineteen guerrillas were found dead when the embassy was declared secure at 9:30 a.m. One prisoner was taken away and another wounded one was carried out. U.S. officials said five American soldiers were killed and 11 wounded and two Vietnamese embassy drivers were killed in the fight for the embassy.

No casualties were reported among paratroopers of the U.S. 101st Airborne Division who landed by helicopter on the roof of the six-story embassy and raced down through the building to help finish off the Viet Cong squad.

Other Viet Cong targets in Saigon included three U.S. officers' billets, Vietnamese navy headquarters, the Vietnamese joint chiefs of staff building, the Philippine ambassador's residence, the main government radio station, which was set afire, and Independence Palace, where President Nguyen Van Thieu has his offices.

Fighting Continues

In Da Nang, the South Vietnamese commander in the five northern provinces said 1,355 Communist troops had been killed during the attacks over the past two days, 400 suspects had been rounded up and 375 weapons had been captured.

Maj. Gen. Hoang Xuan Lam told a news conference 71 South Vietnamese soldiers had been killed and 133 wounded, put U.S. and South Korean casualties in the area were not yet available.

The general said fighting was continuing in Quang Tri City and in Hue, the old imperial capital where about 50 Viet Cong were surrounded inside the Citadel, the headquarters of the 1st Vietnamese Army Division.

Federal Gov't Ultimatum

Lake Michigan States Told To Curb Pollution

CHICAGO (AP)—Interior Secretary Stewart L. Udall, convening a federal-state conference, today demanded "action-specific, strong and coordinated action" to stop the pollution of Lake Michigan and save it from "an ugly, useless death."

Udall told the participating states— Michigan, Illinois, Indiana and Wisconsin — that the federal government would follow up the conference with enforceable antipollution recommendations and impose a definite timetable for them.

Udall made his remarks in a speech prepared for delivery at Chicago.

The states themselves, he said, should be no less vigorous in carrying out decisions of the conference and in financing the anti-pollution battle.

"I will make recommendations for pollution abatement action following the conference—directing positive, specific pollution abatement measures for industry and municipalities, including dates for completion of these measures," Udall said.

"The recommendations, following public hearings, will be enforceable in the courts, and I assure you that I shall be prompt to do my part to see the recommendations carried out.

Seek Accord

"Action from the states at this conference must include setting uniform criteria for lake quality and agreement on control measures to reach those quality measures," Udall said. "One of the most important areas of criteria and controls for the states to tackle is temperature requirements."

This is an opportunity, he said, "for a dose of effective and crucial preventive environmental medicine . . . we must halt thermal pollution with affirmative cooordinated action before it occurs."

"Action from individual states after the conference," he said, "must include passage and enforcement of state laws to implement conference decisions.

"State financing of abatement actions and incentives for industrial abatement must match the magnitude of the pollution problem.

Demands Action

"I am sure actions will result from the conference. They must result," Udall said.

Udall called the conference under authority granted him by the federal Water Pollution Control Act to do so when requested by the governor of a state.

Udall cited the leadership of Gov. Otto Kerner of Illinois and Sen. Gaylord Nelson, D-Wis., both of whom requested the conference.

He also praised the antipollution efforts of Chicago's Mayor Richard J. Daley, and congratulated "the Chicago press and other news media of the area . . ." for their "forceful, penetrating news coverage (which) has been instrumental in arousing public awareness and personalizing the shame of pollution."

Too Late For Erie

Udall said Lake Michigan was showing now the same symptoms seen 15 years ago by Lake Erie. Action on Lake Erie came too late, Udall said, and its purity can never be restored.

There is still time to restore the quality of Lake Michigan, he said, but the partial actions taken by previous conferences and by individual states, municipalities and the federal government are not enough.

"We must have a lake-wide

Please Turn To Page 18, Col. 2

Ask U.S. Aid

CHICAGO (AP) — Michigan Atty. Gen. Frank Kelley today urged the federal government to pay at least half of the expected $827,000 cost of removing dead alewives from Lake Michigan beaches this summer.

Kelley added, in remarks prepared for a four-state conference on Lake Michigan pollution, that he and the attorneys general of Indiana, Wisconsin and Illinios will "prosecute vigorously" those who fail to comply with anti-pollution standards.

More Snowfall Would Help Groom Snowmobile Tracks

Conditions are all "Go" for the 2nd Bay de Noc Snowmobile Derby this weekend, but race officials admitted today "we could use some more snow."

General Chairman Thomas Aos of Gladstone said members of the sponsoring Gladstone Yacht Club got a good start on the banked oval track for Sunday's race program with the snowfall of last Saturday. The cross country course to be run Saturday is also partially marked.

"We made good use of the snow that came Saturday," Aos said. "The bay is pretty well covered, but we'd like a lot more snow."

The derby weekend begins Friday night with a parade of snowmobiles in Gladstone beginning at 7:30 p.m. from the Yacht Club. A smelt feed follows at the Yacht Club.

Cross country races are scheduled at 1 p.m. Saturday with the oval track events Sunday at 1 p.m.

Course On Bay

Aos said that the cross country course will stretch between 35 and 40 miles across Little Bay de Noc onto the Stonington Peninsula on U.S. Forest Service lands and then back onto the bay for a turn near the Terrace and then back to the finish line at Gladstone.

He said the course on Stonington land hasn't been marked as yet to keep recreational snowmobilists from using it in advance of the races.

"About 75 per cent of the Christmas trees being used to mark the course on the bay are out," he continued. "They've been placed close enough together to be visable even if we get blustery weather."

$2800 In Prizes

About two-thirds of the cross country course will be on the bay to allow maximum spectator viewing. He said the race committee did not want the machines to start and then disappear from sight until the finish.

Over 25 events are scheduled on the two days of racing, including modified and stock divisions, powderpuff events and junior competition for ages 12 to 16. The junior event will be only over the oval track Sunday.

About $2,800 in prize money will be awarded to top finishers with first prizes running to $125 or better.

Race Director is Ted Belfry of Munising, a member of the Board of Directors of the United States Snowmobile Association which has sanctioned the Class A program. Rene Lippens, who has had considerable experience in timing and starting of stock car races, will handle starting and timing for the snowmobiles.

Advance entries are coming in well, Aos indicated, and a large field of drivers and machines is expected.

Faster Machines

Besides being larger than last year, it is also expected to be much faster and a number of drivers who plan to compete in the North American Snowmobile Championships Feb. 10-11 at Munising are expected.

Some of the machines, in fact, are capable of covering the 35-mile cross country layout in 35 minutes — an average of 60 miles per hour.

Depending on the number of entries, machines will be started in heats by division. Places will be determined by elapsed time.

Parking Improved

Although the lack of snow has caused some concern for the race courses, the situation has helped improve at least one problem encountered last year — parking.

Aos said a larger area at the ball diamond has been plowed to provide additional parking for spectators and competitors. In addition, spectator parking will be provided in the area of the Gladstone beach house. City streets also will be used.

A special area for entrants will be marked to avoid the congestion of snowmobiles and trailers which jammed up the spectator lot a year ago.

No admission will be charged and concession stands will be set up on the grounds.

A dance Saturday night at the Yacht Club will round out the program. Both the dance and the smelt feed Friday are open to the public.

Rock Prof Will Study Erie Port

Three Northern Michigan University faculty members have been awarded summer research grants by the university to enable them to conduct research projects in the fields of chemistry, speech correction and transportation geography.

Jarl Roine

Receiving grants for their proposed projects are Dr. Donald Sink, assistant professor of chemistry; Dr. Lon Emerick, head of the speech and hearing clinic; and Jarl Roine, assistant professor of geography.

Sink's project will involve an attempt to develop a reproducible method for the synthesis of several complex salts of palladium, particularly its reaction with dry ice, and to identify and study the reactions.

Emerick will work on the development of a new diagnostic instrument for assessing language impairment in adult aphasics—persons who have a total or partial loss of the power to use or understand words which is usually caused by brain disease or injury.

Objective of Roin's study, which will include a study of the site and situation of the Port of Erie, Pa., will be to develop a "more valid technique for interpreting changes in port functions in light of inland transportation systems and the economic region served by them."

Roine, a native of Ishpeming, and a Northern alumnus, joined the NMU faculty in 1963. He received his master's degree from Indiana University and is a Ph.D. candidate at the University of Pittsburgh. He is the son of Mr. and Mrs. Arne Roine of Rock.

Educational TV Signups Zoom

Over 20 million enrollments were recorded in educational television last year.

A total of 12 million people posted 19 million enrollments in secondary, intermediate and elementary schools and school systems; 461,431 in colleges, universities, seminaries, institutes and television stations, and 99, 107 in in-service training.

The year saw a marked increase in the number of people and institutions reporting and the number of institutions using educational television.

Obituary

JOVITE ROBERT

Funeral services for Jovite Robert were held at 10 a.m. today at Holy Family Church in Flat Rock with Rev. Raymond Przybylski officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were Dale, Lester and Richard Richer, Robert and Gary Pepin and Fred Knauf.

MRS. HILDA M. JOHNSON

Funeral services have been completed for Mrs. Hilda M. Johnson, who served as Masonville Township clerk for 28 years, as follows: Friends may call at the Skradski Funeral Home after 3 p.m. Thursday. The body will be removed to the Calvary Lutheran Church in Rapid River at 10 a.m. Friday where services will be conducted at 11 a.m. Rev. George Olson will officiate assisted by Rev. David Brostrom of the Calvary Baptist Church of Escanaba of which Mrs. Johnson was the oldest member.

Hospital

Mrs. Ruth Bidstrup of the Old State Road is a patient at St. Francis Hospital. Her room is 310.

Butter Spread Tax Is Ticklish

MADISON, Wis. — Wisconsin's dairy industry is awaiting a forthcoming decision on the question: Is the new 40 per cent butterfat spread taxable as oleomargarine?

The product, which reportedly is enjoying booming sales since it was introduced a few months ago, is being sold tax free now.

This puts it within 10 cents a pound of the higher priced margarines but about 20 cents cheaper than the lowest priced butter. Adding the 5¼ cents a pound oleo tax "would kill it," industry sources agree.

The tax policy on the product, sold variously as "Butterine," "Butterup" and "Butterite," is to be determined by Atty. Gen. Bronson La Follette in about two weeks.

Political Question

It is a hot political question, at least for Wisconsin agriculture, and also could have consumer impact.

If a tax is placed on the product, presumably with a cut-off date but with no seizure of supplies now in the stores, some dairy interests will be infuriated that their attempt to combat margarine, has been thwarted. Colored oleo has been allowed only since last July.

Consumers might be upset that the product they liked had been forced out.

But if the product continues untaxed, margarine interests may charge that they again are being discriminated against.

Some butter spokesmen claimed that oleo interests were working behind the scenes to discourage commercial buyers of the product and also to drum up support for a tax on it.

Some factions of the butter industry are opposed to the new product because it contains vegetable fats. They too may be working for a tax on it.

Briefly Told

Washington School Cub Scout Pack 416 will reorganize at 7:30 p.m. today at the school. Interested boys from ages 8 to 11 and one or both of their parents are invited.

Arthur B. Edson, Jr. announced his candidacy for chairman of Region 1 of the Michigan Federation of College Republicans. Region 1 consists of the Upper Peninsula and 11 northern Lower Peninsula counties. Edson has been a resident of Charlevoix County all his life. He has been a force in the formation of the clubs at North Central Michigan College, Petoskey, and Bay de Noc Community College, Escanaba, as well as Mackinac College, where he is now a sophomore.

SNOWBALLS WHICH were thrown by Southwestern Texas State College students today are being prepared at Michigan Tech, Houghton by Frank Sahlman, president of Tech's Blue Key honor society, Gary Masse, Blue Key vice president, and Richard T. Dunnebacke, assistant to Tech's president. The annual air shipment has been made to help publicize Blue Key's Winter Carnival this weekend. The snowballs were kept "wintery" with dry ice.

LBJ Seeks GI Benefits Boost

WASHINGTON (AP) — President Johnson has asked Congress to revise the GI home loan program so veterans can buy better, more expensive houses.

In a special message, Johnson also called for a new law to help subsidize veterans who train themselves for teaching, police and fire fighting work, hospital employment and jobs in the anti-poverty program. This would cost $50 million in the 12 months beginning July 1.

The chief executive urged that the maximum guarantee on GI home loans be increased to $10,000 from $7,500. These guarantees normally cover about 35 per cent of the value of a loan, which means a higher guarantee would make available larger loans for better houses.

Johnson said the $7,500 ceiling on guarantees had been in effect for 18 years and was "adequate in 1950, but no longer so in today's housing market." He said the increase he recommended would "help the veteran to purchase a decent home and get the financing protection which the law promises him."

The President said his proposed Veterans in the Public Service Act would "provide incentives to channel the talents of the veterans to the most urgent needs of rural and urban America."

He gave this example of the veteran who wants to teach in a deprived area:

"While he is getting the schooling that will qualify him for teaching, he will draw additional benefits of $50 a month for every month he agrees to teach—up to three years of such extra benefits.

"While he is actually on the job teaching, he will draw a special training allowance, in addition to his regular salary—$80 a month for the first school year, $60 a month for the second."

California Bound? Expect A Quake!

A catastrophic earthquake is "inevitable" before long in Central California, according to a University of Michigan physics professor. He predicts that it will be at least as severe as the one that leveled San Francisco in 1906. Prof. Peter A. Franklin forecast the quake "sometime in the next 10 to 20 years, possibly even tomorrow."

The San Andeas fault, which runs along the California coastline, is responsible for the 1906 earthquake and for dozens of lesser tremors since then. Most major earthquakes in this system occur about every 50 years. The longer the period between major earthquakes, the more severe they tend to be. It has been 62 years since the last big quake shook California — an unusually long delay.

Course

Everett Senobe, Marquette realtor, will teach a course in real estate business I at Bay de Noc Community College beginning Tuesday, Feb. 6 from 7 to 10 p.m. The course is sponsored by the University of Michigan.

For information: U-M Extension Service, P.O. Box 394, Escanaba, or call 786-6861.

Chips And Splinters

Contributions To Chips Welcomed

The best way to make the winter go quickly in the Lake Superior Country, says Gene Peterson of Carney, is a snowmobile.

"You buy one in November—or for Christmas —" he suggests "and tell the bank that you'll have most of it paid for by the end of March, when the snow season ends.

"Nothing will make March come around quicker than having a note of that size in the bank."

Of Art And Life:

Painter-Teacher Cites Philosophy

A fourth generation artist, who is equally proud of being a third generation Upper Peninsulan, has inherited and developed a philosophy of art and life which she shared with the Rotary Club at the House of Ludington Tuesday noon.

She is Mrs. Victor (Alice) Powers of 612 S. 12th St., who has taught in Gladstone and Escanaba schools and is now teaching art at Bay de Noc Community College.

Mrs. Powers was introduced by Robert Mosenfelder of the Rotary Club's program committee, and the club meeting was conducted by President Ralph Kaziateck.

For What's Right

Of today's young people she said:

"As a teacher I can tell you that I find the young people of today quite wonderful. They make a serious effort to learn and they are interested in the world and their place in it."

"I get pretty tired of hearing about the odd balls all the time. Of course it makes headlines for the news media but it has little or nothing to do with the young people that we know."

"We hear so much about a breakdown in communication with our young people—well, to communicate is a two-way street and I don't have any trouble communicating with them every day as a teacher."

"One of the problems with young people is the older people. They hear us say one thing and see us do another. What they need is for us to stand up and speak out for what's right."

Changes In Art

Commenting on the changing aspect of art, she noted there is no longer an "art center" of the world. Rather, art is beginning to reflect the world "and the times in which we live."

She displayed some of her own work to illustrate "what's happened in art"—from the "illusionistic" to the abstract. Her portrait of a child is "an illusion of life"; a drawing of a winged form is variously viewed as a flower, a bird, a space ship, and is non-representational.

Top flight abstract painters are "researchers in art and we cannot even read them," Mrs. Powers commented. Their work is introspective and delves into the workings of men's minds.

The speaker described the influences that have helped shape her philosophy and she paid tribute to Mrs. Stack Smith and the late Mrs. Timothy Cassidy of Escanaba. Books she noted included "Artist and Advocate", the collections of the Mead Corp.; and "In the Human Grain" by Walter J. Ong, S.J.

Testing Helps Dairy Farmers Boost Income

J. J. Heirman, Delta County agricultural agent, says dairymen can increase production per cow or add more cows to herd to get more milk. In either case, good breeding and management are needed to get good milk producers.

Of first importance in breeding and management is up-to-date records on cows in the herd through a production testing program. Three production testing programs are available to dairymen in the area. The DHIA Testing Program is the most inclusive and costs about 60 cents per cow per month, but returns about three times that in added income. The less expensive Owner-Sampler Testing Program costs about 40 cents a cow a month. Least expensive of all is the Tri-Monthly Testing Program that costs about 13 cents a cow a month.

All three programs are offered through the production testing labratory at Stephenson. The center takes care of Dickinson, Menominee, and Delta counties, plus some herds from other counties. Anyone can join. Samples are mailed in to the labratory, so the service is no farther than your mail box.

Manistique Dentist, Wife Serve On Hospital Ship

By Katherine H. LeBrasseur

"HOPE believes health is fundamental. A sick man cannot provide for his own welfare, much less contribute to his nation's economy."

When material from the American Society of Oral Surgeons on the USS Hope came across the desk of Dr. Harold Sell, Dentist at the Wehner Clinic in Manistique, he volunteered to serve. Notification came that he would serve April, May, and part of June 1967, at Cartagena, Columbia, South America.

Mrs. Sell (Frances) also volunteered and she was accepted as a librarian, field worker, medical secretary, nurse and also ship's tourguide. Her tour of duty coincided with her husband's and they were flown to join the HOPE.

Dr. Sell as a rotating member of the medical team, received round-trip transportation, board and room while serving without salary. Mrs. Sell paid own transportation and for her board and room as a private volunteer.

Teaching Is Goal

Since the objective of HOPE is essentially a teaching (in addition to the treatment involved), Dr. Sell was assigned to work with a small team with counterparts from Colombia and assisted in passing along modern techniques and the latest medical knowledge under actual working conditions.

Staff members work with physicians, surgeons, dentists, health officers, sanitation officials, nurses, medical school leaders, midwives and technicians — all members of the Cartagena Medical Community.

Training is conducted through actual hospital procedures, classroom lectures and discussions, motion pictures, and film strips. Teaching is stressed, because this enables HOPE to have a more enduring effect on local health conditions than would attempts at widespread treatment. Local medical people are, in turn, able to teach others.

HOPE began in the fall of 1958 when a prominent Washington, D.C. heart specialist, Dr. William B. Walsh, initiated a project aimed at international goodwill and understanding through personal contacts. This project entailed reconverting, refitting and rechristening the U.S.S. Consolation to the S.S. HOPE, the world's first peacetime hospital ship.

The HOPE only accepts invitations of government and the medical group of the country involved. At the present time there are 25 countries on the waiting list.

In 1968 it will sail to Ceylon. Currently the ship is in Philadelphia being restocked and refitted.

Corporations Help

In adition to the medical staff, aboard and ashore, most of them volunteers, there are 1500 U.S. corporations who have donated over $9 million worth of medical/surgical equipment, drugs, narcotics, chemicals, medical texts, teaching aids, food and ship's stores Contributions from individuals and corporates, help each year to maintain a budget of $5 million to keep HOPE afloat.

One of the personal observations of the Sells in Columbia was the rise in the social status of the nursing profession after their arrival. When the Colombians saw the high regard doctors had for the professionalism of the nurses and how they worked so well together, disdain quickly changed to admiration and young people were becoming interested in nursing as a career.

Cartagena, which is a seaport city on the N.W. coast of Colombia, provides large supply of world's production in coffee, cotton and bananas. It also is noted for cattle, hides, tobacco and beautiful cabinet woods.

Receives Award

Mrs. Sell, who performed 245 immunizations in the field, was the first woman and volunteer, not of the regular staff or the rotator class, to receive the HOPE pin for her exemplary service.

In retrospect, Dr. and Mrs. Sell feel they were privileged to help their country and above all to help others but feel "the rewards to oneself are the greatest". They would like to return to see the effects of their work and sincerely hope that is the not too distant future, they may again serve with the HOPE TEAM" somewhere on the face of the globe.

Dr. and Mrs. Sells will be the speakers at the "husband guest" night dinner of the Manistique Women's Club [illegible] at the Fireside Inn. They will show slides of the ship HOPE and the country and the work in which they participated last spring.

DR. AND MRS. HAROLD SELL of Manistique review materials gathered during tour of duty with the hospital ship, SS Hope.

Reconsiders, Will Keep Chief Job

MUSKEGON (AP)—Police Chief Herbert Dood, 54, who submitted his resignation last September, Monday announced he was withdrawing the resignation to stay on as chief. Last week, City Manager Robert Pulscher received a recommendation from an outside panel of interviewers which suggested three command officers, considered in the final running for a successor to Dood, not be appointed at this time.

Munising Officer To Head State's New Canine Unit

EAST LANSING (AP) — The Michigan State Police have announced the retirement of a sergeant, the promotion of six officers and the transfer of five others.

Sgt. Richard H. Abbott, post commander at Munising, is assigned effective Feb. 4 to head the new canine unit at East Lansing.

Retiring, after more than 27 years of service, is Detective Sgt. Douglass A. Sherwood of the fire marshal division at Detroit. Detective LaMar A. Erb, of the same division, is promoted to sergeant, replacing Sherwood.

Promotions and transfers were:

Cpl. Robert O. Small to sergeant, Grand Haven to Munising; Trooper Jerry D. Cook to corporal, Alpena to Newaygo; Trooper Richard W. Hiderley to corporal; Warren to East Lansing operations division.

Promoted to detective but not transferred are Troopers Eugene R. Weiler and Lewis S. Wilson of the latent print unit at East Lansing headquarters.

Also transferred:

Cpl. Virgil H. Carrier, Newaygo to the Detroit fire marshall division; Cpl. Joseph M. Panosso, East Lansing operations division to Cheboygan; Cpl. Ronald C. Fritz, Cheboygan to Grand Haven; Trooper Daniel J. Fenton, Cheboygan to Alpena.

Interlochen Has Student Record

INTERLOCHEN (AP) — A record 350 students were enrolled for the second semester at the Interlochen Arts Academy which began today. Director Charles Eilber said 16 new sophomores and students from nine states brought about the record for the academy in its sixth year.

College Aid Set At $254 Million

LANSING (AP) —A bill which would appropriate $254.3 million for the administration and operation of Michigan's institutions of higher education was introduced in the State Senate.

The bill, introduced by Sen. Frank Beadle, R-St. Clair, chairman of the Senate Appropriations Committee, constitutes Gov. George Romney's higher education recommendations.

The bill would appropriate the following amounts to the state's universities and colleges:

University of Michigan (including Dearborn and Flint centers)— $64.7 million.

Michigan State (including $4.9 million for Oakland University) — $62.3 million.

Wayne State—$38.8 million.

Western Michigan—$16.3 million.

Eastern Michigan—$11.7 million.

Central Michigan—$9.1 million

Michigan Tech (including $1.3 million for Lake Superior State College branch)—$8.6 million.

Northern Michigan—$6.5 million.

Ferris State—$7.6 million.

Grand Valley State College—$2.5 million.

Saginaw Valley College—$904,985.

Institute of Gerontology—$211,298.

World's highest tides are at Burntcoat Head, Nova Scotia, in an arm of the Bay of Fundy.

Crime Fight Will Get More Funds

WASHINGTON (AP) — President Johnson's budget earmarks nearly $63.2 million to pay for new and beefed up crime-fighting programs in the fiscal year beginning next July 1.

All but about $10 million would go for grants to improve local law enforcement.

The administration estimates $53.2 million would be spent during the fiscal year under the so-called safe streets legislation, pending in Congress.

Most of the remaining $10 million would go toward new agents to strengthen federal narcotics enforcement programs.

The safe streets legislation would authorize a new program of federal financial and technical assistance to state and local governments.

This is intended to encourage planning and new efforts to improve law enforcement and criminal justice systems at the state and local levels.

The $10 million to intensify federal anticrime efforts would include:

—Bureau of Drug Abuse Control, $1.2 million to increase the number of agents from 325 to 428, mainly to control traffic in LSD and other hallucinogenic drugs.

—Bureau of Narcotics, $1.3 million to increase the number of agents from 314 to 430.

—U.S. attorneys, $2.3 million to hire another 100 assistant United States attorneys.

The $10 million also will provide 128 more Federal Bureau of Investigation agents, 100 of them to be used primarily for civil rights investigations. Whether all of the $10 million is spent during the fiscal year depends on filling all the vacancies.

The over-all expenditures sought for the Justice Department, the government's principal crime-fighting agency, $504.4 million, an increase of $61.7 million over the present fiscal year. Included in this is the $53 million under the safe streets proposal.

Of the total the FBI, the largest agency within the Justice Department, would spend $205.6 million, up $10.1 million from the current fiscal year.

Gogebic Grant

WASHINGTON (AP) — The Office of Education has awarded $750,000 to Gogebic Community College to help build a $2 million library - science classroom building, according to U.S. Sen. Philip A. Hart, D-Mich.

Creating Attraction

There's a whole industry engaged in the business of attracting industry to areas that need it — who doesn't? — but some of the best counsel on the subject doesn't come from professionals making a living in the work, but from industrialists who see the process working from the inside.

One such expert view was given by Robert P. Arvold of Dayton, vice president of Mead Corp., in charge of its publishing papers division, when he addressed the Escanaba Junior Chamber of Commerce recently at the Dells Supper Club.

★ ★ ★

The investment Mead is starting here with a $65.6 million first phase project is the largest that the big paper making firm has ever made in one place. How does a community attract such an enormous project? It not only creates a boom period of construction in the community (completion time: Fall of 1969), but it will create 200 new jobs — a sizeable industry in itself — add substantially to the area tax base and create many more jobs in forest industry supplying the enlarged mill with wood.

(The big mill's present capacity from its two paper machines is 85,000 tons of paper a year; the big new machine will produce 100,000 tons alone and there's a kraft pulp mill in the second phase plans and a fourth paper machine in the third phase.)

★ ★ ★

But the greatest creation of the project is the confidence that the Escanaba area and the Upper Peninsula are a good place for wood industry in the future. Mead is a large owner of U. P. forest lands, most of them newly acquired. Its confidence in the economics of paper manufacture here is the finest kind of warranty on the brightness of our industrial future.

Mead, said Robert Arvold, not only wants to locate in good communities; it also wants to make them better and it encourages its people to take active roles in community life. Escanaba knows that they do it, too, to the great benefit of the community.

★ ★ ★

Arvold said that area south of Chillicothe, Ohio (Mead's headquarters plant) has many dying towns. "People by the thousands are leaving this area and coming to Cincinnati, Dayton and Detroit to find work. They say now, jokingly, that the Three R's in Kentucky are Reading, Writing and Route 75 North.

"I should apologize to Kentucky; I truly like it and it has wonderful recreational facilities and it's making a strong comeback. But the other day there was an item in the paper which said a hydrogen bomb exploded down there and did $28 damage."

Departing humor, Arvold said it's more expensive to run a company in such a place. "A community with inefficient local government discourages expansion, and even the continuation of existing operations, because it breeds red tape, distrust and ill-will at every step.

★ ★ ★

"A town whose local businesses are weak can't provide the skills, services and supplies its neighbor companies often need . . . A town that's down emotionally or economically — and they often go together — is a town which eventually takes out its frustrations on its industries. It depresses employe morale and makes the company spend time and money alleviating problems which needn't have been there in the first place.

"Worst of all, it somehow takes the form of an inflexible resistance to any kind of change. That's contagious, too, and it damages the community's chances for growth and progress, as well as those of its citizens. It's obvious about how Mead Corp. feels about progress in Escanaba. Our decision to go ahead with what must be the largest single expansion project Mead has ever undertaken should be evidence enough."

★ ★ ★

Arvold puts an expert finger on a button that every good community must have. When you press it the community reacts responsibly, helpfully and sensibly to opportunity. The machinery that the button starts is a subtle thing made of public opinion. It takes years of work by devoted, able people to create it, but once rolling it is a great human achievement. The basic question is not whether an area is depressed, but what it's doing about it.

"My Kingdom for a Horse!"

Your Income Tax:

Savings Possible If You Observe Rules

By JAMES MARLOW

WASHINGTON (AP) — Before filing your tax return on 1967 income here are points to remember about husbands and wives and those single individuals who get a lower tax if they can qualify as "head of household" or "surviving spouse."

In almost all cases husbands and wives save by filing jointly instead of separately. To be joint a return must be signed by both. Start from scratch: A husband filing a return gets a $600 exemption for himself—meaning that much off his income before what's left is taxable—if he was under 65 in 1967 or $1,200 if he was 65 or older—plus another $600 if he was blind.

(He gets a $600 exemption for each dependent he can claim but no extra exemption if a dependent was blind or over 65.)

He can claim the same kind of exemptions for this wife as for himself if she files jointly with him. She can file jointly with him whether or not she had income of her own.

He can claim the same exemptions for his wife if his wife fails to file jointly with him but had no income of her own and is not claimed as dependent by someone else.

Joint Return Savings

Note: Even though a husband can claim all the proper exemptions for a wife who had no income, was not claimed by someone else and fails to file jointly with him, the tax on his income is higher than if she had made a joint return with him.

A wife who had $600 or more income would, like everyone else, have to file a return, either separately or jointly with her husband. She would claim her own exemptions on her own return. He could not claim any for her.

Note: The tax on couples filing separately is generally higher than if they had made a joint return.

A wife with less than $600 income would not have to file a return. But if she had any income at all—no matter how much less than $600—her husband could claim no exemptions for her unless she filed jointly with him.

Note: Here's an example of how a couple would lose money if the wife had less than $600 income but failed to file jointly with her husband. Say she had $200 income.

The husband could not claim that $600 exemption for her or $1,200 if she was 65 or older—which he could have claimed if she had made a joint return with him.

Rule For Couples

And there's a rule on what married couples must do in taking deductions for personal expenses if they file separately: If one itemizes deductions, both must; if one uses the 10 per cent standard deduction, both must; and if one uses the minimum standard deduction, both must.

You were considered married for all of 1967 if you were married any time last year, even as late as Dec. 31. You were considered divorced for the whole year if you were divorced anytime in 1967, even as late as Dec. 31.

You cannot claim any exemption for a divorced wife, or file a joint return with her, even though you paid more than half her support in 1967.

If you filed separate returns in 1965 or 1966, or in both years, and now think you would have saved by filing a joint return for those years, you can correct the mistake now by filing a joint return for 1965 and 1966.

Surviving Spouse

"Surviving Spouse"—

Certain widows and widowers get a lower tax rate if they can qualify as "surviving spouse."

If your wife or husband died in 1967, you can generally claim a $600 exemption for him or her on your return now, if you did not remarry in 1967.

You file it as a joint return, reporting any 1967 income the deceased had, and using Tax Table B or Tax Rate Schedule No. 2, both of which have the lowest tax rate.

Further, if you meet the following conditions, you can still use Table B or Schedule No. 2 even though your wife or husband died in 1966 or 1965:

You must have been entitled to file a joint return with him or her for the year of death; you have not remarried; you have a child or stepchild who qualifies as your dependent; and you furnish over half the cost of your home which is the principal residence of your child or stepchild.

Table Or Schedule

If you meet those conditions you can use Table B or Tax Rate Schedule No. 2, listing your own income, exemptions, and deductions. But you cannot claim an exemption for a wife or husband who died in 1966 or 1965.

"Head of Household"—

Individuals who can qualify as "head of household" get a lower tax rate than allowed if they were filing a return as single persons.

You may qualify if:

You were unmarried or legally separated at the end of 1967 or were married by the end of the year to someone who for part of the year was a nonresident alien; you must have furnished over half the cost of maintaining your home which was the main residence for the year for yourself and your unmarried child, stepchild or grandchild, even though not a dependent of yours, or of any relative you can claim as a dependent or, if you paid more than half the cost of maintaining a home for your mother or father, if either can qualify as your dependent.

You cannot claim you maintained a home for a parent if you were paying for him or her in a home for the aged. But, if you meet the qualifications listed above, you can use Tax Table B or Tax Rate Schedule No. 3.

2 ♥	4 ♠	5 ♥	Pass
Pass	6 ♠	Pass	Pass
Pass			

Opening lead—♥ Q

Freak hands lend themselves to freak action. If you are vulnerable and your non-vulnerable opponents are competing against you, your general plan should be to bid so as to play the contract at a level you can make. Thus, if you are sure of making six spades and your opponents are competing in hearts, you may want to settle for five spades as a compromise. This compromise will surely pay off if it turns out that a six spade call would merely get the opponents to seven hearts down three for minus 500 against the 680 you would score in duplicate or the 880 in rubber bridge for bidding five spades and making six.

There is another side to this coin. An expert who does not know that his side can make a slam may try to stampede his opponents into taking a phantom save against him by leaping into a slam as if he were sure of making it.

Today's hand which was played in a lunch-time office game shows a nearly even division of high cards. North and South have 21 high card points which include three of the four aces and can make a slam in spades. East and West with 19 points can make only ten tricks in hearts, but those ten tricks will allow them to escape with a 500-point loss if they defend at seven.

The bidding was rather normal up to North's leap to six spades. North had several reasons to make that bid. To start with, he didn't know if his partner could even make five spades. In addition he didn't know if he could set five hearts. Finally he decided that if he did leap to six, East and West would take the save at seven hearts and he was sure that he could set that contract.

East had a sound pass. He had what looked like good defense. As for West, we feel that a seven heart call should have been automatic but West just wasn't going to take a sure penalty. He passed and South racked up the slam.

♥♣CARD Sense♦♠

Q—The bidding has been:

West	North	East	South
	2 ♥	Pass	3 ♦
Pass	4 ♥	Pass	4 N.T.
Pass	5 ♠	Pass	?

You, South, hold:

♠ A K 7 6 ♥ 2 ♦ K Q 6 5 4 ♣ 7 5 4

What do you do now?

A—Bid five no-trump. This will tell partner that you hold the fourth ace and are interested in seven. If his hearts are solid, he will bid the grand slam.

TODAY'S QUESTION

Instead of rebidding four hearts, your partner bids four clubs over your three diamonds. What do you do now?

Answer Tomorrow

Ann Landers

Medical Fraternity Does Own Policing

Dear Ann Landers: I resent your sarcastic reply to "California Yell For Help," the woman who lashed out at the surgeon who removed her friend's healthy breast. According to you, it simply could not have happened. You said all surgeons must do a biopsy first and that no reputable physician would perform such an operation unless the biopsy showed a malignancy. You as much as called the woman a liar.

May I direct your attention to the word "reputable." I would not argue the point that the majority of physicians are reasonably honest, some are even highly principled, and a few are totally dedicated, but that still leaves a number of knife - hungry, money - hungry scoundrels, not to mention chronic alcoholics who bury their mistakes and no one is any the wiser.

So please, Ann Landers, don't try to give the public the impression that every physician who hangs out a shingle is a paragon of virtue, incapable of error. Tell it like it is.—CALLING DR. KILDARE

Dear Calling: There are incompetents, phonies and bad actors in every field, and the medical profession is no exception. Unfortunately, when a physician is unscrupulous or botches a job someone becomes severely ill or dies.

I know of no profession, however, that does such a conscientious job of policing its own members. Peer approval among physicians is of utmost importance. Medical organizations, county, state and national, are persistent and diligent in their fight against charlatans and quacks. Medical standards are constantly being elevated by Medical Audit Committees in the nation's hospitals. Additional safeguards are provided by tightening the requirements for hospital certification involving total patient care.

When one considers that before the Abraham Flexner report in 1910, "doctors" in some states were permittel to practice medicine by virtue of a certificate purchased for as little as $5.00, I say the medical profession has made enormous strides. All professions should do as well.

★ ★ ★

Dear Ann Landers: I am being married in April and have asked five friends to be bridesmaids. One of the bridesmaids says it's stupid to spend $35 for a dress that she can copy for one third the price. She has announced that she is going to make her dress. I have seen some of the dresses she has whipped up on her sewing machine and they look very "homemade." Also, it's impossible to match fabrics and her dress is bound to look different from the others.

My mother suggests I tell her that if she can't afford to buy the dress I will understand and excuse her from being in the wedding party.

This girl has been a good friend for 15 years and I want to keep her friendship. Help!!—HORRORSVILLE

Dear H'villi: The dress costs $35. The girl said she can make one like it for one third the price. That means she would save $23.34 if she made the dress. Offer to pay the difference in the interest of "uniformity." Her friendship is worth $23.34, isn't it?

★ ★ ★

Dear Ann Landers: Our daughter has been married for two years to a socalled Southern gentleman who is still calling me "Hey You." It would please me if he called me Mother or I'd gladly steele for "Mrs. ———" or even Betty, but this "Hey You" is getting on my nerves.

I'd like to tell him in a subtle way to change his salutation. How should I do it? — ARKANSAS TRANSPLANT

Dear Transplant: Why be subtle with a lummox? Tell him you've had enough of the "Hey You" and if he doesn't want to call you Betty, Mrs. ——— will do.

Letters To The Press

PULPWOOD

For the past several months a great many of the general public have been wondering just why great piles of pulpwood have been accumulating along railway sidetracks and available open spaces, when less than a year ago a great furor and outcry was made in the public prints about a shortage of pulpwood and the necessity of training young men to get into the production of pulpwood and forest products or the woods industry would probably be forced to reduce activity or come to a stop.

I believe I can give the public a complete answer to this almost unbelievable change from scarcity to surplus in less than a year.

For the past 10 or more years, or since shortly after World War II prices on timber products had remained without change, regardless of an increase of the general level of prices on almost all other products. Some timber prices even declined. The regular producers of pulpwood and other timber men who worked producing timber for a living with no other regular source of income continued to produce wood, but always with the hope of eventually finding the market improving.

★ ★ ★

However, after this long period of time too many found it impossible to continue and a great many dropped out of producing wood, finding opportunity at better toil in other lines, although they preferred to work in the production of wood.

With the decrease in the number of men producing wood, eventually a scarcity developed. The paper mills and other wood buyers looking into this situation failed to recognize that the one and only reason for the shortage was that the regular producers of wood had discovered they could not continue to produce wood at the low levels and were forced out of the work they had done for years or all their lives. After suffering from this shortage of wood for some time prices were increased to the point where an incentive to produce was back in force again.

★ ★ ★

A great many regular producers came back, some hired more men to work and they also increased piecework prices and hourly wages, bought new equipment and revitalized what was on its deathbead, but no one made an effort to see that the men who worked in the woods for a living were assured of steady work and a sale for their forest products, which in its way was very foolish for all concerned, mills and producers alike, for here is my answer.

With the increase in prices a great many men went into cutting timber who had no reason to do it for a living but only because the prices paid were attractive and as at present there is absolutely no control over who enters or leave the production of timber.

These men who come into the production of wood with the higher prices were men who owned a little timber and thought they would make some money, or men who already were employed at a steady job but worked after hours or weekends cutting wood for others, either as a regular employe or on some basis where no accounting is made of hours or amounts paid, as payment is on a cash basis.

★ ★ ★

In some instances men on strike in an already unionized industry for higher wages or working conditions, including clauses in labor contracts providing for steady employment, found there was nothing in their way to getting into woodswork, where there is no standard of any kind or requirement as to stability of employment.

Some of these added workers were the seasonally unemployed who were on unemployment compensation and continued to draw their benefits of as much as $70 a week while working on a hidden payroll on a cash basis.

All of these additional men were in effect cutting at the base of work security for the regular woodsworker, for in a short time there were so many men, so-called union men, unemployed, etc., and moonlighters that wood production increased to the point of surplus.

Now if any man, union man or not, feels that his job should be secure and free from violent fluctuation, there is no reason that the woodsworker should not be entitled to the same security. His job should not be a free-for-all for anyone who suddenly finds he can pick up some money at the expense of a man whose work is vital to the economics of this whole region.

Philip LaCosse
Rock

WENT BANKRUPT

Mark Twain (Samuel Clemens), whose book, "Innocents Abroad," grossed more than $500,000 for his publishers when the author was still in his 30s, was bankrupt by the time he was 58 due to bad business investments, according to the Encyclopaedia Britannica.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

A six-month-old New Hampshire Red hen owned by Trefle Pacquette of 1219 N. 20th St., is doing her part in the government "Food for Freedom," campaign. She has layed 16 eggs so far — and every one was double-yoked, averaging four ounces each. The hen herself is larger than her sisters in the flock.

50 Years Ago

"Womanhood, the Glory of the Nation," starring Alice Joyce and Harry Morey, was shown as a special two-day feature at the Strand Theater. The picture has been described as "the most spectacular, intensely human, high powered, photo production ever shown. It is your duty to see it." The picture was a J. Stuart Blackton production.

Tripp Demoted; Pay Is Slashed

LANSING (AP) — The State Civil Service Commission has ordered a lower pay rate and lower state classification for Frederick Tripp, former deputy director for administration of the State Highway Department.

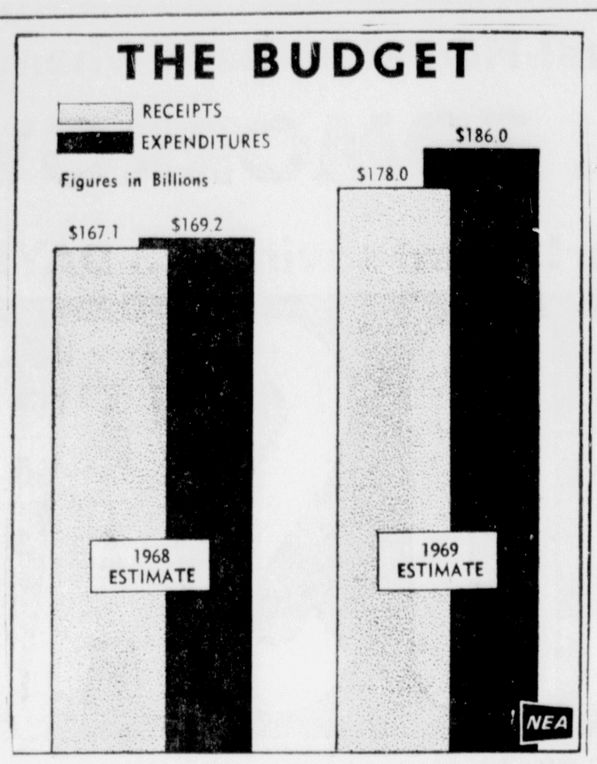

Tripp announced he would appeal the ruling which cuts his pay from $23,657 a year to $20,253.

The Highway Commission moved Tripp from director of administration to manager for internal services after some of his actions were criticized in an investigation of the Highway Department by Atty. Gen. Frank Kelley.

He was criticized for carrying on outside business without formal approval of his superiors, having several relatives on the highway payroll and obtaining a a loan from the Highway Credit Union that had some of his subordinates as co-signers.

A Civil Service statement said:

"The State Highway Department has reorganized its executive operation and in so doing has substantially reduced the responsibility of Frederick Tripp.

PRESIDENT JOHNSON'S estimated budget for fiscal 1969 forecasts an $8 billion deficit providing Congress enacts his requested 10 per cent surtax. Wtihout the tax, receipts would fall short of the estimated $178 billion and the deficit would be increased. Actual spending during fiscal 1968 has exceeded the President's January 1967 estimate. The new budget calls for a $10.4 billion increase over the adjusted 1968 budget, all but $300 million of it accounted for by increased spending for war or additional outlays required by laws on the books.

Standard For Headlights Gets Maker Protests

WASHINGTON (AP) — Auto manufacturers generally have reported they can comply with proposed federal safety standards for 1970 cars—except that they can't meet the one on hidden headlights.

Most frequent objection from the eight auto makers was that they could not guarantee "fail-safe" operation under so many conditions of headlights which are concealed when not in use.

Many said they could not conform to the National Highway Safety Bureau's proposal that the lights be able to open fully in three seconds in temperatures varying from 20 degrees below zero to 120 degrees above. Several suggested the lights could be made to open in seven seconds.

The Safety Bureau has proposed the headlight standard to prevent accidents in case the lights did not open.

Other proposed standards, generally acceptable, call for removal of exterior protrusions on cars to prevent some injuries to pedestrians and cyclists; safer door locks; windshield washers and wipers; defrosters; hood latches and outside identification numbers.

After studying the comments, the Safety Bureau will issue final standards.

Homemaker Week

LANSING (AP)—Gov. George Romney has proclaimed the week of March 31 - April 6 as Future Homemakers of America Week in Michigan.

Groppi Hecklers Jailed In Detroit

DETROIT (AP) — Three leaders of self-styled "anti-communistic" groups were hauled to jail Tuesday night after they interrupted a speech by the Rev. James E. Groppi, Milwaukee civil rights leader, with boos, howls and cries of, "Go on home, you rat."

Most of the 2,500 members in the audience in the plush Ford auditorium in downtown Detroit remained silent as they watched helmeted police remove the three from their seats high in the balcony.

Father Groppi, a white Catholic priest and civil rights militant who has led Milwaukee's open housing demonstrations, had just begun his speech when their catcalls began.

A police inspector, Antonio Bertoni, had warned members of the right-wing organizations, Breakthrough and Counterthrust, to remain quiet until Father Groppi finished speaking.

Police Move In

"Get out of here, Groppi," shouted Donald Lobsinger, a city parks and recreation worker who heads up Breakthrough.

"That's enough," the inspector said as he ordered police, who assembled en masse at the auditorium, to take the three to jail. They were charged with disturbing a public meeting and were later released on $27.50 bond each.

They were scheduled to appear in the city's Recorder's Court on the charges today. Maximum penalty for the misdemeanor is $500 fine and 90 days in jail.

Arrested were Lobsinger, Pat Tifer, a 21-year-old college student, head of Counterthrust, and Ed Kelly, Breakthrough's director of projects.

In an interview, Lobsinger, who said he was a Catholic, called Father Groppi "an imposter masquerading behind a Roman collar, posing as a disciple of Christ, and promoting the objectives of the enemy of Christ."

Seeks Open Housing

Tifer said he was ashamed of being a Catholic because of Father Groppi.

In his speech, sponsored by the Michigan branch of the American Civil Liberties Union, Father Groppi told of his efforts to get open housing ordinances in Milwaukee.

The NAACP Youth Council in Milwaukee, to which Father Groppi is an adviser, has sponsored open housing marches for 156 consecutive nights, including Tuesday, in Milwaukee.

Father Groppi said the Milwaukee mayor said he was afraid that white residents would flee to the suburbs if a strong fair housing bill were passed.

The priest said he advised whites to do just that. "And when you go, take your gyp merchants and white liquor stores with you."

Williams Speaks

GRAND RAPIDS (AP) — Former Gov. G. Mennen Williams and State Rep. William Ryan, minority House leader, are scheduled feature speakers at the Kent County Democratic Committee's rally Feb. 8 to kick off the 1968 campaign year. Dr. Donald Herman, county chairman, is to outline programs planned for the campaign.

Girbach Named To State Fair

LANSING (AP)—Appointment of Ernest Girbach, Saline farmer and state agricultural leader, to the state fair authority was announced by Gov. George Romney.

Girbach, 55, succeeds William Brittain of Williamston, who resigned, for the remainder of a term expiring April 14.

Girbach has served as president of the Michigan Agricultural Conference and of the Livestock Improvement Association of Michigan and has been a director of the Michigan Milk Producers Association.

Senate confirmation of the appointment is required.

Cattle Feeders Elect O'Connor

LANSING (AP) — Robert O'Connor of Jeddo, near Port Huron, has been elected president of the Michigan Cattle Feeders Association.

O'Connor succeeds Milton Brown of Mt. Pleasant, who was named to represent Michigan as a director of the National Livestock Feeders Association.

Elected vice president of the Michigan group was John Van Page of Breckenridge. Matt Engler of Mt. Pleasant was re-elected secretary-treasurer and David Morris of Grand Ledge and Robert Devier of Ypsilanti were named to the executive committee.

CONCERT FEATURE at William Oliver Memorial Auditorium Thursday night will be this woodwind quintet, (from left) Mary Sviland, John Kallio, Diane Marrier, Steve Kell and William VanEffen. The event is the Escanaba Area Public School's mid-winter band concert and the trumpet soloist will be Dick Ruedebusch, nationally known trumpeter who recently toured with Woody Herman's orchestra. Tickets are available only at the door and curtain time is 7:30. (Daily Press Photo)

Criminal Activity Rises, Prisoner Report Indicates

An increase of criminal activity and also a "get tough" attitude on the part of judges in the area was reflected in the prisoner count totals of the annual report issued today by Delta County Sheriff Harold Finman.

The 477 prisoners lodged in the Delta County jail last year was an increase of 70 over 1966 and the highest total in Delta County since 481 served time in 1963.

Number of meals served to prisoners also jumped to the highest level since 1963 with 9,376 served. Only 6,124 meals were served to inmates last year.

Using three meals per day as a basis, prisoners last year served an average of just under seven days in jail.

Officers Agree

Finman, Undersheriff Jack Hemes, and Escanaba Police Chief Richard Frederick agreed that criminal activity in the area increased last year. Hemes pointed out that there seemed to be more felony cases and another appeared to confirm his judgment.

A total of 15 prisoners were transferred from the Delta County jail to state prisons or other penal institutions. A year ago, only two prisoners were transferred.

Prison sentences are handed down only from Circuit Court on felony cases.

Jail time also has been dished out by Circuit Judge Bernard H. Davidson in a number of cases this year and the law officers indicated also that area lower court judges (Justices of the Peace Ross Davis and Edward Goldsworthy of Gladstone and Municipal Judge James Fitzharris of Escanaba) have appeared to be giving more mandatory jail time in addition to assessing fines and court costs on misdemeanor charges.

Bonds Boosted

Another factor which would help account for the increased number of prisoners and their length of time in jail is an increase in the amount of bond set.

Justice Goldworthy, for example, has sent bond as high as $1,000 for persons bound over to Circuit Court in breaking and entering cases. Previously, many persons were ordered only to pay $100 bond for release from jail to await trial.

The inmate count reported was the most dramatic change in the annual report by the sheriff from last year. Dog complaints, arrests and other areas of activity remained at about the same level as a year ago.

Police Officers Promoted; New Patrolman Hired

The advancement of three officers within the Escanaba Police Department and the employment of a new patrolman was reported today to fill vacancies caused by the retirement of Police Chief Joseph Corcoran.

City Manager George Harvey had earlier announced that Capt. Richard Frederick is being advanced to chief to fill the vacancy in the department's top spot, effective Feb. 5.

The other changes are also to become effective on Feb. 5 when Chief Corcoran takes his retirement.

Promoted to police captain from sergeant is Richard Lundin of 815 S. 19th St., who has been a member of the department since 1952 and a sergeant since 1956.

Patrolman William Beveridge of 304 S. 11th St., is being promoted to fill the sergeant position. He began work with the department in 1956.

The new patrolman will be Edward Bertrand, 25, of 1602 11th Ave. S., who is presently employed as a Delta County deputy sheriff and is attending Bay de Noc Community College.

Bertand was born in Wakefield in August, 1943, and came to Escanaba as a child with his parents. He attended school here and graduated from Holy Name High School in 1961.

He entered the U.S. Army in 1963 and received training with the Green Beret special forces at Fort Bragg, followed by special training as a paratrooper, and then at Key West, Fla., where he was trained in underwater demolition operations work.

Discharged in 1966 he returned to Escanaba and for the past year has been employed as deputy sheriff. He received additional law enforcement training at the Michigan State Police School at East Lansing in 1966. He is unmarried.

Obituary

STEVE ROZICH

Funeral serivces for Steve Rozich were held at 10 a.m. Monday at St. Thomas Church with Rev. Leno Zadro officiating. Burial was in Holy Cross Cemetery. Pallbearers were John, Steve, Thomas and Nick Brayak, Kenneth Marvic and Joseph Kroll.

John Shiverski was present in the sanctuary Burial was in St. Michael's Cemetery. Pallbearers were Charles Wanic, Walter Bartosz, Carl Bensen, Kenneth Schoen, John Bartoszak and Henry Poloshek.

Heads Class

ALMA — Michael Olson of Escanaba is serving as president of the Class of 1969 at Alma College this year. Olson, a junior at Alma, is the son of Mr. and Mrs. Leonard Olson of 627 S. 17th St., Escanaba. He is a 1965 graduate of Escanaba Area High School.

Public Speech Course Offered

The Bay de Noc Toastmasters Club will offer an eight-week course in fundamentals of public speaking tailored for men and women with or without previous public speaking experience.

The course will run eight consecutive Monday evenings from 7 to 8:45 at Bay de Noc Community College beginning Monday, Feb. 5.

"Speechcraft" is a Toastmasters International course given by Toastmaster clubs throughout the world. It covers the following material, speech organization, delivery (visual emphasis), delivery (voice emphasis), confidence building, evaluation and chairmanship.

Although participants will be given opportunities to speak, they will not be required to do so.

Enrollment fee of $5 covers materials and administrative expense. Interested persons are requested to call Tom McDermott, club president, at 786-0272 between 6 and 8 p.m. or write Roger Jewell, P. O. Box 292, Wells.

The first session will include registration and a get acquainted period from 6:30 to 7 p.m. Enrollees are requested to use the 12th St. entrance to the college.

Officers Train To Save Lives

Escanaba firemen and members of local law enforcement agencies today attended a demonstration and training program designed to help them save the lives of persons who are apparently drowned or suffering from shock.

The instruction was given in the City Hall by John Klass of the U. P. Power Co. The Power Co. has one of the few manikins which makes it possible for the trainees to actually perform mouth-to-mouth resuscitation and external heart massage.

The training session with "Resusci-Annie," as the manikin is dubbed by the officers, was arranged by Escanaba Fire Capt. James J. Olson as part of a training program which helps maintain the readiness of the firemen to deal with emergencies.

City Manager George Harvey said the firemen have a 43 per cent increase in training hours in 1967 compared to the year before. "This is very good when you consider the new program has been in effect only since July last year," he added.

Training movies from the Michigan State Police library are a part of the program during the winter months.

Officers have also attended special and advanced training sessions at Marquette and Capt. Olson will attend the Fire Department's Instructor's Conference which will be held at Michigan State University firemanship training center early in February.

Briefly Told

Gladstone Lodge 396, F & AM will hold a regular communication at the Masonic Temple at 7:30 p.m. Thursday. Visiting Masons are welcome to attend.

BPO Elks Lodge 354 House Committee and Trustees will meet Thursday, Feb. 1 at 7:00 p. m.

Lt. Col Lawrence E. Stephens, commander of Air Force recruiting in Michigan, announces numerous job vacancies for women on the Aerospace team. College graduates are needed to fill officer vacancies. For girls who aren't college graduates, the WAF program is available.

The Escanaba High School Class of 1948 will hold a reunion planning meeting Thursday, Feb. 1, at 8 p.m. at the home of Pat Engdahl, 600 1st Ave. N. Wells.

Escanaba Public Library service is expanded beginning with this week. The library is now open from 9 a.m. until 9 p.m. Monday through Friday. Until this week the library did not open until noon.

Napoleon Sharkey of Perkins, president of the Upper Peninsula Horseman's Association has announced that the annual meeting of the association will be held at the Mansfield Township Hall at Sagola on Sunday, Feb. 4. The meeting will begin at 10 a.m. and will continue for most of the day with time out for lunch. Program will consist of election of officers and directors, dates and rules for next summer's shows and other matters of general business. All members and other horsemen throughout the peninsula are invited.

The Skaneateles Lake, in New York State, has an area of about 14 square miles.

GLADSTONE

Trout And Pike Lure Fishermen

The following is the weekly fishing condition report from the District 3 office of the Michigan Department of Conservation. District 3 is composed of Delta and Marquette counties and the west half of Alger.

Rainbow Trout: Johnson Lake, Marquette County, using minnows and wigglers for bait; Ackerman Lake, Alger County, 10 to 12 inch size using corn for bait.

Northern Pike: AuTrain and 18 Mile lakes continue to produce both by spearing and on tip-ups using smelt and sucker minnows for bait.

Other Fish: Whitefish and suckers are being taken by spearing in AuTrain Lake.

Whitefish, herring, and smelt are being taken on hook and line using live minnows for bait and also by spearing at the mouth of the Anna River and at Sand Point, Alger County.

Some panfish are being taken from Lost and Thornton lakes, Alger County, using "Mousies" for bait.

LCW Planning Japanese Tea For Thursday

The LCW of First Lutheran Church will hold their general meeting in Fellowship Hall at8 p.m. Thursday. A Japanese Tea will be the theme of the program which will be presented with the assistance of Mrs. Ingolf Ingebregtsen, a Japanese war bride, who is a member of the parish.

Also taking part in the program are Mrs. William Swenson, who will present the meditations and a Japanese flower arrangement, and Mrs. David LaCosse, Mrs. Reuben Carlson and Mrs. Al Ellison. Miss Susan Labre will present a flute solo, accompanied by Miss Cindy Damitz. Curios and souveniers from Japan will be on display during the evening.

Mrs. Edwin Englund, Mrs. Walter Johnson and Mrs. Wal-fred Salo will serve as hostesses. Women of Calvary Lutheran Church, Rapid River, will be guests and all members and friends are invited to attend.

No Tricks.
BUT WE BALANCE YOUR HEATING OIL BUDGET
Sometimes, you use more fuel, like in December.
Sometimes, you use less fuel, like in May.
How can you possibly balance your heating oil budget?
Discipline.
Our Mobil Heating Oil Budget Plan stretches your payments evenly. Over many months.
What you pay in May, you pay in December.
There's no service charge. And no carrying charge.
All you pay for is clean, dependable Mobil Heating Oil.

A&P

If unable to purchase any advertised items—request a rain check. Prices effective through Sat., Feb. 3, 1968.

you'll see red

but like it...if you shop A&P

From now on all the clerks who serve you at A&P will be wearing bright red aprons and smocks.

In other words, you'll be seeing red...
but you'll be happy about it,
especially when you need help.

There won't be any problem spotting a friendly clerk.
Need help finding an item?
Have a question you want answered?
Look for the clerks in red.
They'll be glad to help.

This is another vivid example of how A&P tries to make shopping easier for you...
tries to prove A&P cares about you.

So come to A&P. Where else can you see red and like it?

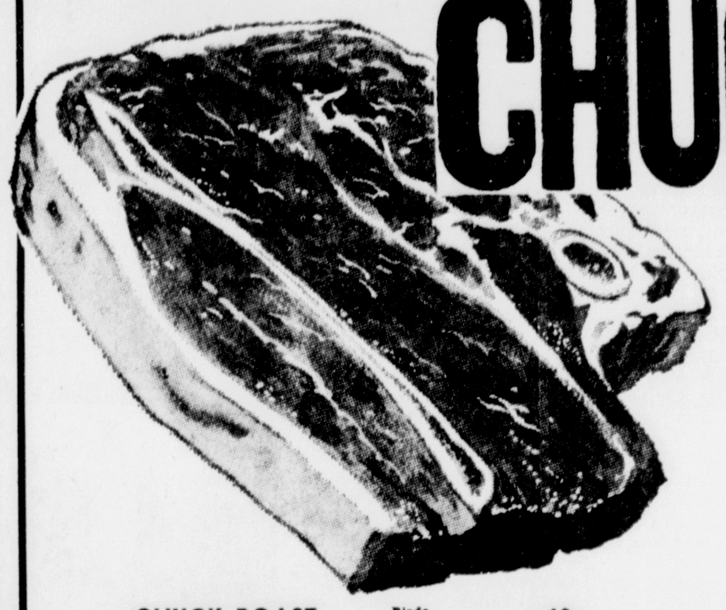

Is this a good reason for shopping A&P? It's one of many.

Women's Activities

MR. AND MRS. CLARENCE ROYER, 322 Wisconsin Ave., Gladstone, announce the engagement and approaching marriage of their daughter, Darlene, to Edward F. Hargis, son of Mrs. Christine Hargis, Warren, Mich. Both young people are employed by TRW Inc. in Warren. The bride-elect is a graduate of Gladstone High School and attended Western Michigan University, completing a course in retail buying. The wedding will be solemnized at St. Ann's Church in Warren on May 3.

Cormier Family Tree Has A 'Family Tree'

For a change of pace, how about tracing down your family tree? That's exactly what a former Escanaba resident, Mrs. Walter Cormier Brant of Billings, Mont. decided to do.

She got the idea of tracing her ancestors from her hobby of raising prize Pekingese. She began raising Pekes in 1953 and in 1960 became interested in breeding show dogs.

As the hobby became a part-time profession Mrs. Brant found herself increasingly occupied with making out pedigrees for the dogs that left her home.

"When you realize you can trace a dog's ancestry back through six or more generations, involving 60 or more grand and great grandparents, one wonders how you can do with your own," said Mrs. Brant.

French Town

The Cormier family, Mrs. Brant learned, traces it's lineage back to 1225 when Saint Malo de Bercherel des Saint Aubin dux Cormier founded a town in France which still bears his name.

Most of the basic information, dates of births, marriages, deaths, etc., come from Dr. Wilbrod Cormier of Ottawa, Canada, a cousin of Mrs. Brant.

In 1636, Thomas Cormier, the first of the family to come to North America, was born. He settled in Nova Scotia, near Grand Pre, the legendary Acadia country of Longfellow's, 'Evangeline' fame.

The record of the Cormiers of this area begins with the marriage of Jeremie Cormier, born June 13, 1851 and Johanna Laubert.

Their son, Edmond Cormier, born March 28, 1882, married Eugenia Beauchamp, daughter of Arsene and Josephine Dausey Beauchamp at the Holy Family Church of Flat Rock in 1908. They have resided in North Escanaba all of their lives and their children attended St. Joseph's School.

Reside Here

Two of their sons and one daughter have also raised their families in Escanaba. They are: Raymond Cormier (employed at the Fair Store) and Ernest (Pat) Cormier (employed on the ore docks and fomer owner of Skinny's Bar) and Mrs. Jeanette LaCrosse, employed at the Sherman Hotel. Mrs. Brant is also a daughter of the Edmond Cormiers.

Of their 20 grandchildren, there are seven granddaughters and one grandson in Escanaba and a granddaughter in Gladstone.

Also in her research, Mrs. Brant discovered the Cormier family to be unique in one respect, it not only has a family tree, ancestor wise, but also has a family tree—the Mountain Ash, for many centuries has been the family emblem and the French word for Mountain Ash is "cormier".

Rock

Tax Collection

Maple Ridge Township Treasurer Lillian Roberts, will be home on Saturdays during February to collect real and personal property taxes. The 4 per cent collection fee will go into effect Feb. 15. At the end of February the tax books are turned into the county treasurer at Escanaba. Dog licenses are also available from Mrs. Roberts. They are $1 for males and $2 for females.

Cancel Snow Fete College Expands

KALMAZOO (AP) — Lack of snow has caused cancellation of all outdoor activities at Western Michigan University's annual snow festival. But festival sponsors said indoor events would be held, including a Snow Ball dance Friday night. Andrea Miller, 20, of Bloomfield Hills, is queen of the festival.

Seedless green grapes come in buffet-size (about 8 ounces) cans. Adding them to creamed chicken or seafood gives delightful flavor. Drain the grapes before using in this way.

MISS SANDRA ELIZABETH NELSON became the bride of Robert Lee Derouin during a double ring ceremony performed at 12 noon Saturday, Jan. 27 at St. Patrick's Church in Escanaba. The Rev. James Pepin officiated at the nuptials. Following a brief honeymoon trip the newlyweds will reside at 1311 2nd Ave. S. (Ridings Photo)

Eila Ruotsala Receives Degree

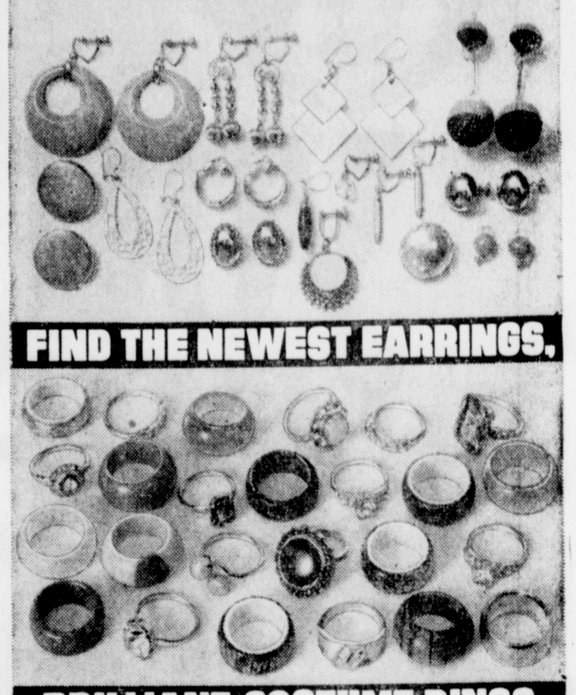

ROCK — Capt Eila Ruotsala received her Masters of Science Degree in Nursing from the University of North Carolina recently and is now visiting her parents, Mr. and Mrs. William Ruotsala in Rock. On Feb. 16 she will leave for a two year tour of duty in Japan.

Captain Ruotsala graduated from the Rock High School in 1950 and received her B.S. degree in Nursing Administration from the University of Minnesota in 1960.

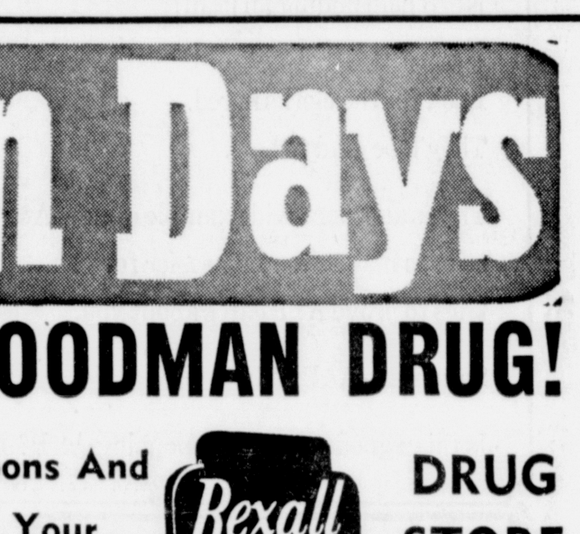

Her brother, Leo Ruotsala, who is employed on coastwise tankers out of San Francisco, Calif., is also visiting his parents for two weeks.

Miss Evelyn Spurlin

Miss Spurlin, Lt. Blaine Smith To Wed

Mr. and Mrs. Ernest Spurlin of Alexandria, Ala., announce the engagement of their daughter, Evelyn, to Lt. Blaine Lee Smith, son of Mr. and Mrs. Robert Roos of Escanaba.

Miss Spurlin is a graduate of Alexandra High School and Gadsden Business College and she completed the Nancy Taylor Finishing Course. She is presently employed at the First National Bank of Anniston.

Her fiance is a graduate of Holy Name High School and Northern Michigan University where he was affiliated with Alpha Phi Omega social fraternity. He completed the Army Infantry Officers School, Fort Benning(Ga. and the Adjutant General course at Indianapolis, Ind. He is presently the Army Community Service Officer at Fort McClellan.

The wedding will take place after Lt. Smith completes his tour of duty at the Cameron Bay Sub Area Command in Vietnam.

Skis were used in 1200 A.D. by Norwegian troops at the Battle of Oslo.

Bethany LCW Circles List Meetings

Bethany Lutheran LCW circles are meeting during the month of February as follows.

CORAL and TOPAZ: Thursday, Feb. 1 — 9:15 a.m. — at church; hostesses: Mrs. Marie Pearson and Mrs. Betty Rollig.

AGATE: Thursday, Feb. 8—8 p.m. Hostess: Miss Marie Jacobson, 1404 S. 13th St.

CRYSTAL: Thursday, Feb. 8 — 8 p.m. Hostess: Mrs. Loretta Matheson, 424 S. 16th St.

DIAMOND: Thursday, Feb 1 — 8 p.m. Hostess: Miss Hilda Olson, 1104 2nd Ave. S.

EMERALD: Thursday, Feb. 1 — 8 p.m. Hostess: Mrs. William O. Johnson, 2110 5th Ave. S.

PEARL: Thursday, Feb. 8—8 p.m. Hostess: Miss Ruth Ahlquist, 1423 7th Ave. S.

RUBY: Wednesday, Feb. 7—8 p.m. Hostess: Mrs. James Choate, 629 N. 19th St.

SAPPHIRE: Thursday, Feb 1 — 8 p.m. Hostess: Mrs. Dorothy Zenker, 1500 11th Ave. S.

PEO Chapter Meets Thursday

Chapter Z, PEO Sisterhood, will meet at 8 p.m. Thursday, Feb. 1 at the home of Mrs. Ralph Anderson, 528 S. 9th St. Assisting hostesses will be Mrs. John Walbridge and Mrs. Charles Kaiser.

The program entitled, "Heritage From Other Lands," will be presented by Mrs. Vernon Johnson.

Carney

PTA Meeting

Gordon Labruhn of Marquette, regional director of the Michigan T. B. and Respiratory Diseases Association, will speak to the Carney-Nadeau P.T.A. Feb. 5 at 8 p.m. in the hot lunch room of the school. He will speak and show slides on the effects of smoking on the respiratory system. There will also be a question and answer period. Lunch will be served. Labruhn will also speak to the students of the Carney-Nadeau School Feb. 5 on the effects of smoking.

SIMPLE FACIAL

For clear skin, your face cloth should be absolutely clean even to the extent of using a fresh one every day. Aside from washing, use it for a very simple facial treatment. Simply dip the cloth in water as hot as you can stand it and then apply it to your face, holding it in place for at least two minutes. Do this several times, then towel dry.

LT. COL. (retired) and Mrs. Nelson McCouch of Waynesville, Mo., announce the engagement of their daughter, Darlene Claire McCouch, to Lt. Phillip Lloyd Boucha, son of Mr. and Mrs. Lloyd A. Boucha of Engadine. The bride-elect, a 1965 graduate of Waynesville High School, is a junior in the college of education at the University of Missouri, Columbia and a member of Alpha Phi social sorority. Her fiance, a 1960 graduate of Engadine High School and a 1965 graduate of Michigan Technological University, Houghton, is presently serving with the U. S. Army at Fort Leonard Wood, Mo. Plans are being made for a June wedding.

Sandra Lemoine Bride of Dennis Lee Porath

Miss Sandra Lemoine of Mounted Route, Gladstone, became the bride of Dennis Lee Porath of Appleton, formerly of Rte. 1 Bark River, during a 7 p.m. ceremony performed Friday, Jan. 19 at St. Joseph's Church.

The Rev. Jordan Felles officiated at the nuptials. The bride is the daughter of Mr. and Mrs. Arthur Lemoine of Mounted Route, Gladstone and parents of the bridegroom are Mr. and Mrs. Ruby Porath of Rte. 1 Bark River.

Beige Lace

The bride wore for her wedding a street length beige lace dress with matching accessories and carried a testament topped with yellow roses.

Miss Linda Lemoine, maid of honor for her sister, wore a pale green lace street length dress with matching accessories and was presented a white carnation corsage. Bruce Stenberg of Appleton served as bestman.

Mrs. Lemoine wore for her daughter's wedding a two piece brown knit suit with matching accessories and Mrs. Porath was attired in a rust colored knit dress also with matching accessories. Both mothers were presented white carnation corsages.

Reception

The wedding reception was held at the home of the bridegroom's parents, immediately following the ceremony.

The newlyweds are residing in Appleton where Mr. Porath is employed at the Fox Paper Co. He is a 1966 graduate of Escanaba Area High School.

The bride is a 1966 graduate of Gladstone High School and attended the Bay de Noc College School of Practical Nursing. She was employed at the Pine Haven Nursing Home before her marriage.

Events

TOPS Club

The Wait Watchers TOPS club will meet at the VFW Hall tonight. Weigh-in will be at 7:30 followed by the business meeting. Fruit and menus will be collected.

Sew 'N' Sew Club Meets

The Sew 'N' Sew Extension Club met last week at the home of Mrs. Gerald Marshall. The discussion topic for the evening was "Organizing for Home Management."

Three new members were introduced, Mrs. Richard Perlick, Mrs. J. Pearson and Mrs. J. Kinn. Following the meeting a dessert lunch was served. The next meeting will be at the home of Mrs. Rosemary Johnson.

Skowhegan, Maine, which was settled in 1771, was named with an Indian word which means "place to catch salmon."

In This Corner

With RAY CRANDALL

Northern Michigan University's home basketball game against Central Michigan Monday, Feb. 5, will be televised through the Upper Peninsula by WNMR-TV and WLUC-TV, Marquette . . . The game will be carried live to cable television viewers on WNMR, Channel 3 in most areas, at 8 . . . A delayed telecast will be carried by WLUC, Channel 6, at 11:30 . . . Gil Heard, Northern's sports information director, will do the play-by-play.

★ ★ ★

As expected, television viewers in the Green Bay and Fox Cities area cast an overwhelming vote in favor of championship pro football games being played in the climate of the winners . . . WLUK, Channel 11, conducted a television mass audience opinion poll on that question and others, with results announced this week . . . In other polls, some 77,000 viewers predicted that President Lyndon Johnson won't be elected in 1968, and 82 per cent of viewers said the legal beer drinking age in Wisconsin should not be raised to 21.

★ ★ ★

St. Ignace ran its season basketball record to 11-1 with an easy 76-41 verdict over Rudyard this week . . . Pacing the Saints was 6 foot 2 inch sophomore Leo Donovan with 21 points and 15 rebounds.

★ ★ ★

The high scoring Ewen-Trout Creek Panthers tuned up for their Tuesday night rematch with Channing by trimming a tough National Mine team, 81-62 . . . Dick Pole, 6 foot 3 inch veteran, fired in 25 points and Ken Sain snatched 15 rebounds for Coach Rudy Perhalla's cagers . . . National Mine had defeated Channing (the only team to down Ewen-Trout Creek this season) just last week and owns decisions over such area quints as Trenary and Eben.

★ ★ ★

Ontonagon, decked out in brand new uniforms, registered its first victory in its new basketball gymnasium by defeating Bessemer, 62-52 . . . Coach Dave Tuckers quint had won only two previous games this season, both in the school's old gym before the Christmas holidays.

★ ★ ★

Pat Miller, 6 foot 3 inch senior who will lead the Menominee Maroons into their clash with Escanaba here Friday night, has scored in double figures in his last 25 outings . . . Miller, who has started 64 games for the Maroons since making the varsity as a freshman, has reached double figures in 60 of them. . . . Dewey Bellisle a junior forward on the unbeaten Menominee team, played in Saturday's game against Marinette with an ankle sprain suffered the previous night against Gladstone.

★ ★ ★

Ishpeming, newest Upper Peninsula school to take up the sport of wrestling, got off to a successful start this week by defeating Ewen, 34-16 . . . Ewen was the first U. P. school to sponsor the sport a few years ago.

★ ★ ★

The Escanaba Merchants snapped an eight game victory string for the Stephenson Strollers, 74-68, in independent basketball action . . . Doug Moss, former cage star at Rapid River, led four Merchants in double figures with 23 points while Jerry Hytinen tallied 20 for Mike Strohl's quint.

★ ★ ★

Iron Mountain cemented its position atop the Menominee Range Conference standings and avenged an earlier setback by trimming Stambaugh, 85-65 . . . All five Mountaineer starters scored in double figures, headed by 6 foot 3 inch senior Brian Ouimette with 25 points.

Top Grid Names Still Available

NEW YORK (AP) — Kim Hammond, Florida State's fine quarterback, was selected by the Miami Dolphins of the American Football League as the pro football draft resumed today with the sixth round selections.

NEW YORK (AP) — There were 12 rounds to go and some tantalizing names still available as professional football resumed drafting the nation's top collegiate players today.

The pros went through five rounds in 11 hours, 43 minutes Monday—just one minute less than it took them a year ago. There were 138 players drafted and many more conspicuous by their absence.

Still available were quarterbacks Kim Hammond of Florida State and Dewey Warren of Tennessee; linebacker Granville Liggins of Oklahoma; defensive tackle Greg Pipes of Baylor; defensive backs Tom Schoen of Notre Dame and Frank Loria of VPI and guards Gary Cassells of Indiana and Rich Stotter of Houston, among others.

All except Warren were first or second team All-Americans.

It was obviously the Year of the Lineman for the 26 pro teams. They picked seven linemen in the first round before Miami chose Syracuse fullback Larry Csonka to break the spell.

The top choice was Ron Yary, Southern California's powerful tackle, who was snatched up by the Minnesota Vikings. The Vikings were exercising the No. 1 choice acquired from the New York Giants in the trade for Fran Tarkenton last year.

After Yary was selected Cincinnati, the American League's newest team, made its maiden choice Bob Johnson, Tennessee's highly regarded center.

Then Atlanta took Claude Humphrey, a defensive end from Tennessee A&I State, and San Diego, using a pick acquired from Denver, chose Russ Washington, a Missouri tackle.

Green Bay, using New Orleans' choice, took Fred Carr, a linebacker from Texas El Paso and Boston picked Dennis Byrd, North Carolina State defensive tackle. New Orleans, utilizing Minnesota's regular first-round choice, took Kevin Hardy, Notre Dame's defensive end.

Then Miami chose Csonka, ending the run of linemen.

Yary was one of five Southern California stars chosen in the first round. The others were tackle Mike Taylor picked by Pittsburgh; Tim Rossovich, a defensive end chosen by Philadelphia; Mike Hull, a running back selected by Chicago and Earl McCullough, an end chosen by Detroit.

The glamour name of collegiate football—quarterback Gary Beban of UCLA—was bypassed in the opening round and finally selected in the second round by the Los Angeles Rams. He was the 30th player picked, surprisingly low for a Heisman Trophy winner.

Two quarterbacks were picked ahead of Beban in the first round. They were Greg Landry of Massachusetts, selected by Detroit, and Eldridge Dickey of Tennessee A&I State, picked by Oakland.

Other first-round choices were:

Haven Moses, San Diego State end, selected by Buffalo; Jim Smith, Oregon defensive back picked by Washington; MacArthur Lane, Utah State running back picked by St. Louis.

Forrest Blue, Auburn center picked by San Francisco; Lee White Weber State running back, picked by the New York Jets; James Hill, Texas A&I defensive back, picked by San Diego.

★ ★ ★

Detroit Passes On Gary Beban

DETROIT (AP)— The Detroit Lions, picking 11th and 24th in the first round of the combined National and American football leagues' draft of college players Tuesday, selected Greg Landry, Massachusets quarterback and Southern California flanker Earl McCulloch.

The selection of Landry over Heisman Award winner Gary Beban of UCLA, also a quarterback, was a mild surprise since the Lions have suffered from the lack of consistent field leadership.

But general manager Russ Thomas explained the move, saying Landry was rated "a little higher" by team officials. Beban was chosen on the second round by the Los Angeles Rams.

The Lions picked Wyoming kicker Jerry DePoyster as their second round choice, and traded their first pick of the third round to the San Francisco 49ers for running back Dave Kopay.

Getting 19th pick as the third round continued, the Lions drafted Charles Saunders, a tight end from Minnesota. Their first choice of the fourth round was linebacker Ed Mooney, of Texas Tech.

Phil Odle, Brigham Young end, was chosen in the fifth round.

Tigers Stretch Record To 9-2

POWERS-SPALDING — The P-S Tigers ran their season record to 9-2 with an impressive 70-57 decision over Big Bay de Noc here Tuesday night.

Coach Mike Forsberg's quint was torrid from the field in the first half in which they connected on 75 per cent of their shots from the field while breaking Bay de Noc's pressing defense.

For the night the Tigers hit on 29 of 55 field goal attempts for 52 per cent and added 12 of 25 free throw opportunities.

Three players from each team reached double figures. Scott Riedy of Powers and Rick Mercier of Big Bay shared individual honors with 19 points.

Powers won the jayvee game, 64-59.

Rockets Notch Sixth Loop Win

BARK RIVER-HARRIS—The Rapid River Rockets continued their drive for the Central League cage championship here Tuesday night by belting the Bark River-Harris Broncos, 77-51.

The victory was the seventh in nine starts for Coach Bob Debelak's cagers and gave them a 6-1 record atop the league standings.

The Rockets wiped Bark River out in the first half, vaulting to a 51-21 lead. Pacing the fast, aggresive attack for Rapid was Klint Safford with 23 points. Four mates also reached double scoring figures while Dick Teal was tops for Bark River with 18.

RANDY FOCHESATO, Hermansville's classy 5 foot 11 inch senior, slips past Tim Moran (21) and Bill Berto (41) of Carney for a two-point layup in their game at Hermansville Tuesday night. Larry Raiche (32) of the Redskins is in the foreground. (Daily Press Photo)

Carney Is 114-85 Victim

Redskins Get Ready For Channing Clash

HERMANSVILLE — Coach Don Hill's Hermansville Redskins tuned up for their Friday match with Channing with an explosive 114-85 victory over Carney in a Big Six Conference contest here Tuesday night.

Hermansville will be gunning for revenge when the Redskins and Railroaders tangle Friday night at the Kingsford Armory. Channing is the only team to beat Hermansville this season, winning by an 82-53 margin early in December. Channing is 6-0 atop the league standings and Hermansville is 5-1.

The Redskins put on another of their fabulous shooting exhibitions against Carney, connecting on 59 of 91 attempts from the field for 53.3 per cent. They added 16 of 24 from the free throw line.

Randy Fochesato was back in peak form after limping with an ankle injury last week. The 5 foot 11 inch deadeye flipped 27 points through the nets in the first half and then cooled down to finish with 35.

John Whitens, another slender senior at 5-11 and 144 pounds, continued his hot hand with 31 points, including 24 in the second half.

Also reaching double scoring figures for the Redskins were Mike Raiche with 17, Dennis Grenier 16 and Larry Raiche 13.

The Redskins were tough on the boards as Mike and Larry Raiche teamed up for 25 and Whitens grabbed 11 of the team's 56 total.

The victory was Hermansville's 10th in a row and 11th of the season and it was the third straight game in which the Redskins topped the century mark in scoring.

Tim Moran was a sparkplug for the Wolves with 14 buckets and two gift shots for 30 points.

Badgers Snatch Tie For Second

CHICAGO (AP) — Wisconsin moved into a three-way tie for second place in the Big Ten basketball race Tuesday night by slipping past winless Minnesota 72-62 at Minneapolis.

The Badgers were led by Jim Johnson with 25 points and Joe Franklin, who added 23, as they scored their third conference win in four attempts.

The victory moved the Badgers into a tie with Iowa and Ohio State for second place in the standings. Northwestern leads the pack with a 4-1 mark.

The Wildcats, Hawkeyes and Buckeyes were idle Tuesday.

The Gophers held a 48-47 lead over Wisconsin with 14:48 remaining, but the Minnesota shooters lost their touch and went more than eight minutes without connecting from the field.

Johnson and Franklin tallied seven straight points for the Badgers who were never headed after that.

Tom Kondla poured in 23 points and Al Nuness added 21 for Minnesota, now in the Big Ten basement with an 0-5 mark.

In a nonconference contest, Michigan State's resurging Spartans handed Notre Dame an 89-68 setback.

The Irish, one of the Midwest's top-rated independents, thus suffered their second straight loss to a Big Ten team. Illinois scored a 68-67 victory over Notre Dame Saturday.

Michigan State, scoring their eighth win in 15 games this season, was led by Harrison Stepter who had 22 points, 17 in the first half.

Gladstone Braves Slump To 66-58 Loss At Gwinn

GWINN — After turning in two impressive back-to-back performances against the top two teams in the Upper Peninsula, the Gladstone Braves skidded to a disappointing 66-58 setback to Gwinn here Tuesnight.

Their two previous starts against Ishpeming and Menominee appeared to have taken something out of the Braves. "We played our worst game of the season, had one of our poorest shooting nights and were miserable from the free throw line," Coach Bill Wood said.

Gwinn jumped to a 17-12 lead in the first period, spread the margin to 39-28 at halftime and was never threatened in the second half.

Down by 11 points, the Braves went backward instead of forward in the third quarter when they managed only two points in the first five minutes. They also missed eight free throws during the period.

Junior Steve Nelson provided the only bright spot for the Braves with his 10 field goals and seven free throws for 27 points.

Dick Brown, Gwinn's 6 foot 4 inch sophomore, was a vital factor in the upset. He pumped in 24 points for individual scoring honors and had a good night on the boards.

Gwinn won it from the free throw line by making 24 of 36 attempts. Gladstone had a one goal edge from the field, 22 to 21, but was able to convert only 14 of 30 opportunities from the charity line.

Gladstone won the jayvee game, 64-54.

Eben Sets Point Mark But Bows To Champion

CHAMPION — Coach Jim Jacobson's Eben Eagles reached the height of futility here Tuesday night when they established an alltime school single game scoring record in a losing battle.

The Eagles bowed to Champion, 107-101, in a nonconference barn burner.

Champion opened the run-and-gun game with a 27-17 lead in the first period and Eben was never able to catch up. The Eagles narrowed their deficit to two points early in the third period but then slipped to a 22-point lag late in the quarter. They got back to within six midway in the final frame but couldn't catch the torrid Champion quint.

It was a night for shooters. Champion made 40 of 86 shots from the field for 47 per cent and tossed in 27 of 35 attempts from the free throw line. Eben hit on 39 of 92 from the floor and 23 of 28 from the stripe.

Between them, the teams made 79 of 178 shots for a respectable 45 per cent.

The previous Eben scoring record was an even 100 points.

All five starters scored in double figures for Eben with Paul Salminen pumping in 33 points and Terry Hakkola adding 27.

Four Champion players scored all but three of the team's total with Mike Skytta hitting 34 and Larry Laitala 29.

Box score:

McGuire Would Like Cage Season To End Right Now

By The Associated Press

"I'd just like to end the season now," said Frank McGuire with a grin.

The coach of the University of South Carolina basketball team was in a jovial mood after his Gamecocks had upset the nationally ranked Duke Blue Devils 83-80 at Columbia, S.C., Tuesday night.

Skip Harlicka, with 23 points, and Jack Thompson, with 21, combined for 44 points to pace the Gamecocks over the Blue Devils for their fifth straight victory. Six points between them from the foul line kept the Gamecocks ahead in the closing minutes and thwarted a late Duke rally.

Mike Lewis threw in 33 points for the ninth-ranked Blue Devils, the only team in The Associated Press college basketball Top Ten to see action.

"We beat a great team," McGuire said. "Our kids never lost their poise and played great basketball all the way." He added impishly, "I don't want to play any more." South Carolina now has an 8-3 record.

Wisconsin kept in contention for the Big Ten title by beating Minnesota 72-62 at Minneapolis. Rice, the surprise team in the Southwest Conference, was not so fortunate on the road. The Owls took a 70-52 thumping from Baylor.

In another SWC game, Arkansas scored at home over Texas Christian 68-67 on James Eldridge's free throw in the last 10 seconds.

Bob Portman poured in 42 points to pace Creighton over LaSalle 77-71 at Omaha. Lloyd Kerr popped in the winning basket in the last two seconds as Colorado State U. won on the road over Denver 71-70.

Sophomore Don Curnutt scored 35 points to lead Miami, Fla., over Maryland 93-73 at Miami Beach.

Phil Wagner returned after a five-game absence scored 18 points to help Georgia Tech down Virginia Military 99-70 at Atlanta. Wagner now has 1,010 points, the ninth Georgia Tech player to crack the 1,000-point level.

In other games, Michigan State whipped Notre Dame 89-86, Idaho downed Idaho State 72-64, Western Michigan edged Northern Illinois 75-74 on four free throws by Eugene Ford in the last 20 seconds, Chicago Loyola walloped Ohio University 109-68 and Holy Cross took Boston University 71-66 behind Ed Siudut's 38 points.

George Washington won its first Southern Conference game in nearly a year by defeating William and Mary 80-76. GW's last previous conference victory was on Feb. 11, 1967 against VMI.

Spartans Trim Irish Quintet

EAST LANSING (AP) — Harrison Stepter led everyone in scoring and Michigan State to victory as the Spartans humbled visiting Notre Dame, 89-68, in a nonconference basketball game Tuesday night.

The Spartans led by 14 points at halftime, much of the lead the result of Stepter's flashy shooting, including several driving layups, a couple of them after he had stolen the ball from the Irish offense.

The 6-foot-3 junior guard poured in 17 points in the first half and ended the game with 22.

The Irish trailed by as much as 26 points in the second half, but hit 13 straight points while Stepter was resting on the bench to narrow MSU's margin with about three minu5es to go.

Then the Spartans tacked on a few more points to secure the lead.

Clay Claims He's Almost Broke; Government Won't Let Him Fight

LOS ANGELES (AP) — Dethroned heavyweight champion Cassius Clay says he's almost broke because he can't fight in the United States but won't renounce his citizenship.

"I'm not being allowed to work here in America and I'm not being allowed to leave," he said. "Naturally money would be depleted."

Clay is starting on a nationwide speaking tour that will include appearances before Negro student groups on college campuses and at Black Muslim mosques. He speaks Monday at UCLA.

"Many people say, how are you gonna eat, champ? How are you living? Well, How does the little bird eat?

"If the divine supreme being can take care of them things who's doing nothing for him, then how much more can he make a way for his servant?" Clay said in a television interview on KNXT television Tuesday night.

"I have 22 million brothers in America and 850,000 Muslim brothers in America, and 900,000,000 Muslims in the world and you ask me how I'm gonna eat."

Clay, who prefers the name Muhammad Ali, was convicted of draft evasion and sentenced to five years in prison. He also was stripped of his heavyweight title. The conviction is now under appeal.

If the appeal fails, Clay, 26, said he might try to regain the heavyweight title, if the food doesn't ruin him.

Asked if he would renounce his citzenship, Clay said, "No, I can't do nothing like that. Why would I want to do that? I mean, I'm born here and we have 22 million people here catching hell.

Lakers Rally For Cage Win

SAULTE STE. MARIE (AP) —Lake Superior State College came from behind in the closing minutes and rolled to a 77-70 victory over Ferris State in a basketball game Tuesday night. Ron Sober of Lake Superior led all scorers with 25 points and teammate John Dorr added 23. Jesse Mangham led Ferris with 21.

Big O Hits 35 As Royals Beat Detroit Pistons

By The Associated Press

Oscar Robertson scored 19 of his 35 points in the second half as Cincinnati turned a 49-48 halftime deficit into an easy 121-101 victory over Detroit in a National Basketball Association game Tuesday night.

Dave Bing, the league's leading scorer, poured in 34 points for the Pistons.

In other games, Philadelphia hammered Boston 125-118 in Philadelphia. Baltimore slipped by New York, 134-131 in a doubleheader in Madison Square Garden, San Francisco edged Chicago 123-119 and Seattle downed Los Angeles, 128-116, in Seattle.

In the American Basketball Association, New Orleans outscored Kentucky 112-101, Pittsburg beat Minnesota 121-112, and Denver defeated Oakland 137-113.

The Philadelphia 76ers lengthened their lead over Boston, but the gap they closed between themselves and the Celtics must have proved more satisfying.

Philadelphia, the defending National Basketball Association champions after dethroning Boston in a hard-fought battle last season, had won only one game in five tries against the Celts this year, and that record bugs the 76ers.

But they closed the spread Tuesday night in Philadelphia with a 125-118 victory over Boston, and at the same time increased their Eastern Division lead over the Celtics to three games.

Hal Greer and Wally Jones combined for Philadelphia to overcome a 38-point showing by Boston's Sam Jones.

Wally Jones hit 18 of his 24 points in the first half as Philadelphia took a 63-61 lead at intermission before Greer took over.

After Sam Jones had put Boston ahead 86-84 in the third quarter, Greer shot Philadelphia ahead to stay.

The lead grew to 11 and when Boston cut it to 109-106 with 4:36 left, Greer snared four quick points, wrapping it up. Greer finished with 27 points.

Baltimore rode Earl Monroe's hot hand as the flashy rookie dropped in 39 points, including a long jumper with 28 seconds left for a 132-131 lead.

He added two free throws with two seconds remaining. His final shov came after New York had overcome a 78-60 deficit.

San Francisco ended a four-game losing streak and extended Chicago's to five as Fred Hetzel scored five points after the Bulls pulled within 116-114. Rudy LaRusso and Fred Mullins each had 30 points for the Warriors.

Seattle withstood a third-quarter Los Angeles rally that closed a 73-59 deficit to one point, but Walt Hazzard brought the SuperSonics back with 15 of his 31 points

Funeral services for Navis Popour were held Tuesday at 9:30 a.m. at St. Mary Magdaline Church in Cooks. Rev. James Hebine officiated. Pallbearers were: Eldon Wolfe, Harold Demars, Forest Wolfe, Wayne Wolfe, Lyle Demars and Clifford Demars. Burial was in Cooks Cemetery under the direction of Messier-Broullire Funeral Home.

BOOKKEEPER

Mature, Experienced, with knowledge of complete Bookkeeping System. Send resume of Experience to Box 229, Manistique, Michigan

Hospital

Admitted to Schoolcraft Memorial Hospital were: Laurie MacGregor, Clifford Christenson, Barbara Hoig, Robbie Conklin, Verna Blowers and Henry Messer.

Discharged were: Jeffery Price, Carol Gorsche, Tillie Henry and Marie LaFave.

Play Reviewed For Study Club

"The Skin Of Our Teeth", three-act Pulitzer Prize winning play by Thornton Wilder was reviewed for members of the Study Club on Monday evening, Jan. 29 by Mrs. Jack Orr. This play will be presented under Manistique Rotary Club sponsorship with the Michigan State Players performing on March 24 at the high school auditorium.

Mrs. Dennis Moir was a guest at the meeting held at the home of Mrs. Fred Cayia Jr. with Mrs. Carl Carlson assisting.

Mrs. E. J. Thompson will present the book review on Monday, Feb. 5, at the home of Mrs. Matt Stram with Mrs. Earl H. LeBrasseur assisting.

Briefly Told

Newberry Junior High will play St. Francis de Sales 7th and 8th grade basketball teams on Saturday, Feb. 3 at 1 p.m. in the Parish Center. Both teams are undefeated.

Social

St. Therasa's Circle

St. Theresa's Circle will meet Feb. 6 at the home of Mrs. Frank Gregurash, 155 N. Cedar St. Mrs. Amelia Graphos will be assisting hostess.

Five High Women

E. Schwickow 172, D. Jenerou 170, B. Salter 166-164, G. Adams 158, M. St. Martin 154.

Fayette

Mr. and Mrs. William Smith of Fayette have returned to their home from a month vacation trip by train to California and Colorado. In Los Angeles they visited with their daughter and family, Mr. and Mrs. James Ragens; in Oceanside they visited Mrs. Sam Thorndyke and daughter, Mrs. Shirley Wilke; In San Diego they visited Mr. and Mrs. Ed Chaffey and family. In Denver, Colo., they visited at the home of their daughter, Mr. and Mrs. Dave Juergens and son and Mr. and Mrs. Marshall Stratton and family. The illness of Mrs. Smith's mother, Victoria Humbert, called them home earlier than expected.

Big Bay De Noc Schools were closed Monday, Jan. 29, because of the icy roads and heavy fog.

Garden Peninsula

Hospital

Mrs. Victoria Humbert is a patient in the Schoolcraft Memorial Hospital in Manistique.

Dinner Guests

Mrs. Doris DeRochers was a dinner guest and visitor at the Earl Rost home on Sunday.

Mr. and Mrs. Kenneth Ralph and family of St. Clair Shores, and Mrs. Carl Mattson and daughter Kendra, of Mt. Clemens, were weekend visitors at the homes of Mrs. Edna Lester, and Mrs. Doris DeRochers. Mrs. Lester returned to Garden with them from a five week visit with her sons and daughters in the Detroit area, Garden City, and St. Clair Shores.

THE LITTLE WOMAN

"I adore it—but I don't adore it quite enough."

Card of Thanks

Gray

We wish to express our sincere thanks to neighbors, relatives and friends for their assistance and sympathy shown us at the time of the death of our dear father, William L. Gray. We are especially grateful to St. Francis Hospital, the nurses and staff, to Dr. Ryde, to those who sent memorials, flowers, cards and other gifts. Those who offered the use of their cars, to Mrs. Ray LaMarche for the music, To Rev. Wm. H. Brauer of the Church of the Redeemer Presbyterian, the pallbearers, the Odd Fellows, Rebeka Lodge of Gould City, St. Theresa Circle of St. Francis Church of Manistique and all others who by word or deed assisted us at this time. We also thank the Messier Broullire Funeral Home for their services. The memory of these acts of kindness will always remain with us.

The Wm. Gray Family

Bishop Salatka Installation Is Set For March

GRAND RAPIDS (AP)—Bishop Charles Salatka, auxiliary bishop of the Grand Rapids Catholic Diocese, is to be installed March 25 as the ninth bishop of the Marquette Diocese in Upper Michigan. The ceremony at St. Peter's Cathedral in Marquette will be conducted by Archbishop John Dearden of Detroit.

Bishop Salatka was named by Pope Paul VI to succeed Bishop Thomas Noa who resigned and had been head of the Marquette Diocese since 1947.

Aquinas Prexy Retires In '69

GRAND RAPIDS (AP) — Msgr. Arthur F. Bukowski announced Tuesday his resignation as president of Aquinas College, effective Feb. 1, 1969, to enter the missionary field.

He has been president of the Roman Catholic college nearly 35 years.

A native of Bay City, Father Bukowski, 62, graduated from St. Joseph Seminary in Grand Rapids and Catholic University of America at Washington, D.C.

Loggers Hope For '68 Gain

By JEAN WORTH

In the Upper Peninsula's great wood supply industry the big question is:

"How's it going to be in 1968?"

Last year was a disaster. It had been approached as a time of wood scarcity and instead there was a huge surplus. Much of it still is in the woods—cut and ready to move to the mills—but with no room for it in the mill woodyards.

It is being delivered as the mills can make room for it.

Most Upper Peninsula pulpwood goes to market in Wisconsin, more than 60 per cent of it.

A Wisconsin pulp mill wood buyer who was asked how his wood yard is today said "About 99 per cent full!" The answer isn't untypical.

Two Seasons

Wood is bought in two general periods: summer and fall-winter. Much of the summer cut is sap-peeled wood. Bark is easily stripped from trees in late spring and early summer and some mills want their pulpwood delivered peeled. This is especially so of aspen (popple), which is the No. 1 pulping wood in Northern Michigan, and of the dense hardwoods like birch and maple, etc.

PULPWOOD TO THE END OF VISION! Vincent Peterson, left, of Peterson Brothers, Carney and Theodore Christensen of Scott Paper Co., Marinette, stand beside a pile of aspen pulpwood cut in the Menominee State Forest on state land by the Weinschrott Brothers of Jimtown. The wood is awaiting shipping orders from a Wisconsin mill. There are many such piles in U. P. forests as result of the glut of pulpwood. (Daily Press Photo)

Balsam fir and spruce are sold "rough" (with the bark on), and some winter-cut aspen is also sold this way. Such woods are debarked at the mill.

The contracting soon to start for the summer cut of wood in the Upper Peninsula will show wood producers what has happened to the wood market since last year.

Still Overstocked

Inquiries at Wisconsin mills indicate that no one condition prevail at all the mills, but that there are some conditions which are general.

The oversupply of pulpwood is general.

Most mills seem to have what they regard as too high an inventory of wood. Wood inventories build up beyond mill needs in two ways. 1. When the mill isn't using its wood at full capacity. 2. When the mill overbuys wood as it was under pressures to do in 1967 to help suppliers who had cut it.

Some mills indicate they plan "normal" buying when the wood market opens in the spring.

That would mean some increase in purchasing over recent buying, which has been restricted by the effort to cut wood inventories.

At least some mills are reducing prices on pulpwood as a means of bringing supply and demand back into balance. The cut is about $1 a cord.

Cedar Reduced Too

Some cedar prices have also been reduced from last year's levels, which were the highest on record.

Increased prices on pulpwood were a strong factor in causing the 1967 surplus of wood. There had been strong pressures on the mills from regular suppliers of wood to increase wood prices because producers' costs had risen substantially and the prices of wood had remained relatively static (some prices had even declined) because of the chronic oversupply.

When the mills faced a possible shortage of wood because of reported shortage of woods workers, very high workmen's compensation on woods workers, siphoning of woods workers off to other more desirable jobs, tec., prices were advanced. The action turned a prospective problem of undersupply into a problem of oversupply.

Business Slow

Some mills have adopted a policy of maximum wood purchase, despite the glut, in order to help their suppliers with some income out of concern for the long range stability of the wood production industry. Many loggers have machinery financing obligations that must be met. They can weather a bad year and stay in the business, but not if cut off completely from wood sale.

Paper mill inventories of finished stock are very high. When better business eases this situation and brings mills back to full production more wood will be needed. The area's wood needs for manufacture will also grow with projects like Mead Corp.'s expansion in Escanaba.

Study

Efforts to stabilize the wood industry in the Upper Peninsula has gone on for years. Currently the Michigan Advisory Task Force of the Upper Great Lakes Regional Commission has a wood industry stabilization project under study.

The proposal for a project area trial of a few years was written by Raf Pfeifer of the Conservation Department and John Hodge of Michigan State University and is being referred to an industrial advisory group for further study.

The advisors are Allen H. Boelter, Michigan Conservation Dept.; D. J. Harma, Copper Range Co.; Leland W. Hooker, Michigan Tech; C. A. Samuelson, Kimberly - Clark Corporation, Lynn Sandberg, L'Anse Forest—Mead Corp., and David C. West, Cleveland Cliffs Iron Co.

Dimes March Funds Sought

The appeal to fight birth defects — the great destroyer — with contributions to the March of Dimes, is being carried to homes and business places in Delta County.

Contributions are being sought in a "Please Help" mailing that requests checks be made payable to the March of Dimes and addressed to Richard Derusha, % the First National Bank & Trust Co., Escanaba, Mich. 49829.

It is pointed out in the appeal that:

One of 10 families knows the anguish that comes with the birth of a defective child.

Every year, 250,000 babies are born with significant defects.

At least 18,000 infants die in their first year because of birth defects.

Five hundred thousand fetal deaths are caused by birth defects every year.

The most effective method of fighting "the great destroyer" is with generous contributions that help finance the National Foundation programs, including the Salk Institute for Biological Studies.

Survival Course To Examine Area Defense Program

Mason Johnson, County Civil Defense Director, announced today that a presentation on the local defense facilities will be included in the "Personal & Family Survival" course to be offered at Bay de Noc Community College at 7 p. m. Thursday.

The presentation will outline present defense status of Delta County along with a viewing of problems facing defense readiness in the future.

Information on defense facilities already established in Delta County also will be disseminated.

Johnson said the presentation will be included because of public questions on the local civil defense program. For example, many people do not know what Delta County's warning system is or where the 26 shelters are located (16 of which are located in Escanaba), he said. Registration for the course can be made by coming to the first meeting or by calling 786-7841. The course is free.

Briefly Told

The Elks Duplicate Bridge League will play again at 7:30 p.m. Saturday at the Elks Club.

Disabled American Veterans and Auxiliary will meet at 8 p.m. Thursday at the VFW Hall. All members are urged to attend. A social hour will follow the meeting.

Escanaba police have issued traffic court notices to Dennis J. Christensen, Marquette, disobeying a traffic signal; Michael Zunich, 604 S. 21st St., Gary A. Thinglum, 105 N. 5th St., Donald L. Cooper, 304 S. 19th St., and Roger L. Anderson, 318 1st Ave. S., all for speeding.

Magazine sales are being solicited by telephone in Escanaba today by persons who are not registered with the Chamber of Commerce, it is reported by city police. After a phone order is obtained there is an immediate personal call to pick up the money. Police suggested persons in doubt about such magazine salesmen contact the Chamber of Commerce.

The artichoke is the flower bud of a large thistlelike herb.

Lake Michigan States Told To Curb Pollution

(Continued From Page One)

prescription for a disease that affects the entire lake," Udall said.

The Chicago regional office of the federal Water Pollution Control Administration has submitted a report to the conferees suggesting improvements in the treatment of industrial and municipal wastes and removal of phosphates from the wastes.

Ask Improvement

The report recommends improved treatment facilities for 118 industries and 87 municipalities in the Lake Michigan basin—38 municipalities and 68 industries in Michigan, 34 municipalities and 32 industries in Wisconsin, 10 municipalities and 8 industries in Indiana, 5 municipalities and 10 industries in Illinois.

The report also recommended:

—An end to the dumping of polluted dredgings in the Lake Michigan basin.

—Uniform state or local laws to control wastes from ships and boats.

—An early warning system for accidents that spill oil or other hazardous materials into the lake.

—A ban on combined sewers in new urban areas, along with construction of separate sewers for carrying sewage and storm water.

—A surveillance system to determine the effects of pesticides.

—Strengthened water quality monitoring programs.

Companies Gag On Union Plan

WASHINGTON (AP)—An official of the Kennecott Copper Corp. said today that union insistence on companywide negotiations had made a farce of collective bargaining in the 6½-month-old strike shutting down most U.S. copper production.

E. J. Flynn, Kennecott attorney, said there had been no bargaining since Dec. 27 involving Kennecott's western mines. Kennecott is the largest of the copper firms affected by the strike.

Flynn testified before a special federal panel named to seek a solution to the strike of some 60,000 members of 26 unions.

Flynn also said union demands for higher wages and fringe benefits would total more than $3 per hour, more than 11 per cent a year. Kennecott has offered a three-year pact worth 4 per cent a year, Flynn said.

Two other firms in the industry's big four, Anaconda Co. and Phelps Dodge Corp., already have said they won't bend to the unions' insistence on companywide bargaining.

Four Men Fined For Conservation Law Violations

Four men have paid fines before Justice Edward Goldsworthy of Gladstone after pleading guilty to conservation law violations.

Donald D. Chamberlain, 29, of Rte. 1, Gladstone, and Stanley A. Johnson, 36, of 613 N. 18th St., Escanaba, each paid $5 fines and $7.90 costs for using more than two lines in an attempt to take fish.

John Lucovitch, 57, of Cooks, was fined $10 and assessed $7.90 costs for fishing without a license, and Harold G. Hirn, 40, of Gulfport, Miss., was assessed a $50 fine and $7.90 costs for making a false statement in procuring a Michigan resident deer license. He was arrested after conservation officers investigated license stubs.

Church Plans Parish Council

BARK RIVER — Establishment of a Parish Council is being planned in St. George's Church of Bark River, Rev. Thomas P. Dunleavy said today.

"We hope it will be organized and operating by March 1,"

Rev. Dunleavy said the council is being planned "in response to directives" of Bishops assembled in Vatican Council II which said that "in dioceses, as far as possible, there should be councils which assist the apostolic work of the church either in the field of making the Gospel known, or in the charitable, social, or other spheres of church activity."

The administration of most activities of the parish family will come under the jurisdiction of the Council. The five council Commissions — listed in order of importance — will operate in the following areas of parish life:

Liturgy, Education, Social and Community Activities, and Community Activities, Building and Maintenance and Finance.

Ballots have been sent out to all members of the parish and all are urged to return them Sunday. The Legion of Mary of Perronville will tabulate results.

Parents Doing Fine, Social Worker Says

By DAVE ANDREWS

GLADSTONE — Parents of Delta County generally are doing a pretty good job of raising their children.

That's the opinion of Mrs. Wesley (June) Hanson of Escanaba, school social worker for the Delta - Schoolcraft Intermediate School District.

She works with children of all school districts in Delta County and it's her job to know about that sort of thing.

Of some 10,000 children enrolled in schools in the county, only about 65 of them are considered to have troublesome enough problems to be carried on her "open case" load, Mrs. Hanson pointed out.

There are other children she works with — generally of the younger ages — but the problems are relatively minor.

Mrs. Hanson, a fully certified social worker by the Michigan Dept. of Public Instruction, joined the intermediate School District last October 1. She was employed last year by the Escanaba Area Schools.

Works On Schedule

"If parents love their children, accept them as they are, they usually don't have trouble," she said. "Over concern, however, can create problems, such as the pressures to excell, to make that honor roll."

Mrs. Hanson, who works on a two-week schedule of visits to schools in the county, said she concentrates her efforts with the "individual who has a problem over and above what the classroom teacher can handle.'

She works with the child, the teacher, parents and school nurses. Referrals come both from teachers and parents.

Types of problems include school adjustment (under achievers, attendance, attitudes), home adjustment (cultural deprivation, lack of supervision, defiance), social adjustment (lying, cheating, lack of friends), and personal adjustment (aggressive behavior, day dreaming, etc.). Some handicapped children and "gifted" children also have problems.

Younger Child First

Some of the problems she attempts to correct by herself, others are referred to specialists at the U.P. Child Guidance clinic.

Mrs. Hanson said she attempts to concentrate her efforts with younger children, although she does see some up to Junior High age, on the theory that in the younger child a problem can be attacked before it grows into a major situation.

"It all depends on the severity of problem, though," she said.

Mrs. Hanson, who taught at the Lemmer School in Escanaba for seven years, received state certification as a social worker after doing graduate work at the University of Michigan School of Social Work. She resides at 529 S 9th St., Escanaba, and has four children and four grandchildren of her own.

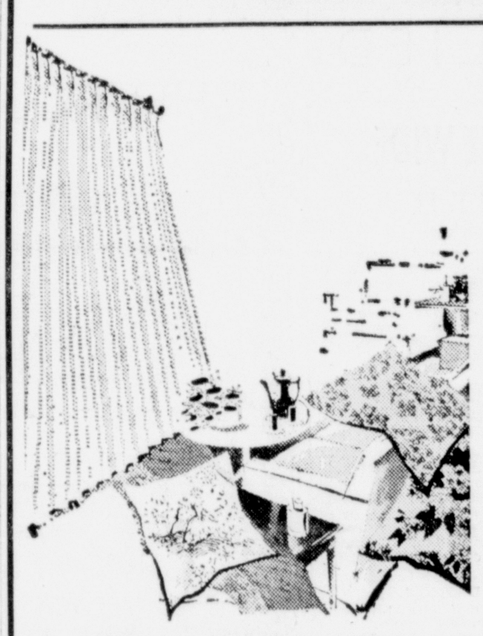

Mrs. June Hanson

John Shore, George Frederick Handel's famous trumpeter, was the inventor of the tuning fork.
